April 06, 2023 - PRESSADVANTAGE -

Premier Kitchen & Bath Remodeling is offering its full-service home remodeling and renovation services to homeowners in Park Ridge, IL, and the rest of the Greater Chicago area.

Basement remodels are an attractive option for those looking to make better use of their living space without adding any extensions to the house, which is often impossible due to local zoning laws. One of the most significant benefits of a basement remodel is the flexibility offered by the unfinished and underutilized space that can be molded and reshaped for any purpose that the homeowner sees fit. Basement remodels also offer the chance to increase the home's energy efficiency as poorly insulated underground areas are a major source of heat loss and high energy bills.

With a basement remodel, Chicago homeowners get to benefit from added square footage and versatility, says the spokesperson for Premier Kitchen & Bath. You can turn your basement into a playroom for the kids, set up a home theater system, furnish a guest room for spending time with friends and family, create

a home office, or even redesign it completely based on your cherished hobbies. Moreover, when you put it up for sale, you will find that buyers will be extremely interested in purchasing a home that offers extra space compared to equivalent competitive properties. You can expect to get back up to 75% of your basement remodeling investment. If the prospect of a basement remodel excites you, note these directions to Premier Kitchen & Bath Remodeling.
