Jacksonville, FL - New technology has allowed Rainbow Mobile Notary And Nuptials to speed up its notarization services. The Jacksonville-based firm can expedite its clients' transactions through remote online notarization services. This was after the state of Florida allowed the notary public to notarize documents remotely.

Rainbow Notary and Nuptials boasts a notary network with members legally authorized to do remote notarization. The Remote Online Notary Service Providers Florida have completed all prerequisite coursework and have submitted complete applications to be legal remote notaries. All of their notaries are licensed, bonded, and insured, and the vast majority are also members of the National Notary Association.

Despite doing it remotely, Rainbow Mobile Notary And Nuptials assures the authenticity of the documents they handle. A recorded video conference is something they always make sure to do. They can remotely notarize affidavits, wills, trusts, real estate deeds, powers of attorney, bills of sale, and other legal documents.

"Rainbow Notary and Nuptials are prepared to help you with your paperwork so that it can be properly notarized for your needs," they say.

Customers of Rainbow Mobile Notary And Nuptials can electronically sign papers from anywhere and have them returned to them using identity verification technology. "We have notaries that can notarize papers remotely, so even if you're on the other side of the country or the world, you can be certain that your paperwork will be properly witnessed."
