April 21, 2023

Minneapolis, Minnesota - April 21, 2023 - PRESSADVANTAGE -

The Law Offices of Ryan Garry - Criminal Lawyer, a firm made up of a team of award-winning Minneapolis criminal defense lawyers, has explained what to look for in a criminal defense attorney in a video posted on the Reel Lawyers website. Choosing a particular lawyer who will be able to intercede on behalf of a person who is facing serious charges is vital. Criminal charges are serious because getting convicted would have serious consequences, including ruining a person's reputation.

Ryan Garry says, "You should look for a lawyer that's experienced. But most importantly, when you meet with that lawyer do they seem passionate about what they do. Is this something they're just doing to get by day to day or is it something that you get the feeling they really enjoy doing and they're passionate about helping you. Because at the end of the day, you're facing probably the most serious situation you've ever had in your life so you want a lawyer who's going to be by your side and fight the government as hard as you possible can."

If hired early enough during the criminal investigation, a reliable criminal defense lawyer will be able to intercede on behalf of the client and talk with the police and possibly even prevent the charges from being filed against the client. Ryan Garry advises clients to avoid making a statement and remain silent because in a lot of situations, they still don't have sufficient proof yet to make an arrest.

Ryan Garry wants to emphasize that their goal is to use every legally permissible way to achieve the best possible outcome for their clients. Having years of experience as a criminal defense attorney in Minneapolis, Attorney Ryan Garry is equipped with the skills and resources needed to fight the state's attorney at each step of the way. He has many years of experience in defending clients who have been accused of committing all kinds and levels of criminal acts and he and his team will work tirelessly to make sure that his clients receive the best defense possible. At the same time, Attorney Garry knows that frequently a skillful negotiation with the state attorney may result into a favorable result for the client.
