

Roofing Contractor Serving Wake Forest Receives Another Five Star Review

April 13, 2023

April 13, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing of North Raleigh, a roofing contractor based in Wake Forest, NC, is proud to announce they have received another five star review. This roofing services provider serving Wake Forest and surrounding areas, has an overall rating of 5.9 out of 5 stars on Google. They provide roof inspections, roof repair, roof installation, attic venting, gutter installation, gutter inspection, and gutter repair.

In the above-mentioned review, Matt W. gave them a five star rating and said, "These guys are legit! I needed some gutter work done so Evan came out to assess the situation and got back to me very quickly with a quote. The quote was reasonable and the work was completed pretty soon after. I had a small complaint about the work and next thing I know Evan and the owner are at my house where they fixed the one thing I found plus a few others they found while here and they didn't charge me any extra. I believe they are good people and they do business the right way. If you're looking for gutter or roofing, please use them.?"

One of the key services they provide is their Drone Superscan inspection service where they take a look at 25 elements of the roof and other external components of the home. These include the: aircon unit exterior inspection; inspection of step counter flashing; inspection of skylights; inspection of storm damage caused by

the wind; inspection of valleys; eaves and rakes inspection; ventilation inspection; inspection of step and counter flashing; roof edging inspection; drip edge inspection; soffits and fascia inspection; inspection of gutter aprons; nail head inspection; inspection of roof sheathing or decking; plumbing stack inspection; hip and ridge inspection; roof ventilation and exhaust system inspection; window inspection; chimney inspection; gutters inspection; inspection of siding; attic inspection; inspection of furnace caps and pipes; inspection of storm damage caused by hail; downspouts inspection; and foundation drainage inspection.

Mighty Dog Roofing of North Raleigh can also offer their Watchdog Maintenance service, which is another vital element of their service. The purpose of this service is to find out any developing problems as early as possible to enable them to be remedied as quickly as possible so these won't get worse and develop into a serious issue that will be very expensive to repair. They will do inspections of the roof and other parts of the home's exterior every year and also compare them to determine the trend of how the roof is holding up to make a fairly accurate forecast of the remaining life of the roof. This will help the homeowner be prepared for the huge expense of replacing the roof.

They also provide the Curb Appeal Visualizer, which is a software tool that can run on any mobile device like a smartphone or tablet. This software allows the client to visualize how the home would look like when a particular color is used for the roof, a certain roof style, a type of roofing material, and more. The homeowner can use the tool to try different combinations of the various details and make the specific choices before the roofing project is commenced.

They also offer the Customer Vault, which is a personal storage provided for each client. This enables Mighty Dog Roofing and the client to easily get the information they need regarding the roof. This vault can contain photos, videos, maintenance reports, the products and materials and products used, roofing projects performed, warranties, and more.

Mighty Dog Roofing of North Raleigh is locally owned and operated by father and son Greg and Evan Muzzarelli, who have been living in Raleigh for more than 11 years. Greg has more than 25 years of experience in sales and sales management with a background in home improvement. Evan earned a degree in economics and business administration from the University of South Carolina and expects to expand the Mighty Dog Roofing of Wake Forest with his knowledge and by focusing on providing service, best value and craftsmanship.
