

Roofing Contractor Serving Pickerington Ohio Earns Five Star Reviews

April 12, 2023

April 12, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing Columbus East, a roofing contractor based in Pickerington Ohio is happy to announce they have earned additional five star reviews. The company, which offers roofing services in Pickerington and nearby areas, has an overall rating of 5.0 out of 5 stars on Google. This contractor provides roof inspections, roof installation, roof repair, attic venting, gutter inspection, gutter installation, and gutter repair.

In a recent customer review, Tim V. gave them a five star rating and said, "Best customer service and highest level of communication in the industry." In another recent customer review, James G. also gave them five stars and said, "I would highly recommend mighty dog roof did a wonderful job Shea did a great job I like its a veteran ran company if you ever need anything done I would call them first."

Mighty Dog Roofing is well-known for taking advantage of cutting edge technology to provide the best possible service. For example, they offer the Curb Appeal Visualizer, which is a software that runs on any mobile device. This tool permits the client to "see" how the home would look like when a certain color is used for the roof, a particular roof style, a specific roofing material, and more. The homeowner can use the tool to try various combinations of different details and make the desired choices before the roofing project is started.

Mighty Dog Roofing Columbus East also offers the Watchdog Maintenance service, which is another important element of their service. The goal of the service is to detect any developing problems as early as possible to allow them to be fixed as early as possible so these won't worsen and become a serious problem that would be costly to repair. They perform annual inspections of the roof and other parts of the home's exterior. They will also compare these yearly inspection reports to determine the trend of how the roof is holding up, which can be helpful in making a fairly accurate prediction as to how long the roof will last. This enables the homeowner to be prepared for the major expense of replacing a roof with a new one.

Meanwhile, another key feature of the services provided by Mighty Dog Roofing that relies on technology to provide the best possible service is their Drone Superscan inspection service where they will inspect 25 elements of the roof and other external parts of the home. These include the: inspection of storm damage caused by the wind; inspection of step counter flashing; inspection of skylights; ventilation inspection; inspection of valleys; eaves and rakes inspection; drip edge inspection; inspection of step and counter flashing; roof edging inspection; nail head inspection; soffits and fascia inspection; inspection of gutter aprons; hip and ridge inspection; inspection of roof sheathing or decking; plumbing stack inspection; chimney inspection; roof ventilation and exhaust system inspection; window inspection; attic inspection; gutters inspection; inspection of siding; downspouts inspection; inspection of furnace caps and pipes; inspection of storm damage caused by hail; foundation drainage inspection; and aircon unit exterior inspection.

They also provide the Customer Vault, which is a personal storage for every client. It is a special storage of information about the roof of each homeowner they work with. This allows them and the client to easily access the information they need regarding the roof. This vault contains photographs, videos, maintenance reports, details about the materials and products used, roofing projects done, warranties, and more.

Mighty Dog Roofing Columbus East is locally owned and operated by Dave Bauer who has a lot of experience in home repair and maintenance. Dave had served in the US Navy for 34 years. He had commanded an amphibious assault ship and there was a time when he was given the responsibility of the maintenance and upkeep of all naval ships. He retired as a Navy Captain and after retirement, he managed a community made up of 350 homes.

Those who are in need of the services of a roofing contractor serving Pickerington Ohio can check out the Mighty Dog Roofing website or contact them through the telephone. They are available 24 hours a day, from Monday to Sunday.
