April 17, 2023 -

Mighty Dog Roofing of Columbus West is offering roof installation, maintenance, and repair services to homeowners and business owners in the city and surrounding areas in Ohio.

Known for its use of state-of-the-art technology, Mighty Dog offers a range of services that other local roofing contractors just can't match. While customers keep coming back to the Columbus roofing company for its expert roofing crew and responsive customer service, they also report being impressed by its high-tech solutions such as Drone Super Scan and the Mighty Dog Customer Vault.

With its fleet of drones, Mighty Dog offers verifiable and credible inspections for all kinds of roofing issues in a fraction of the time. The company uses smart intelligence analytics to determine the baseline health of the roof with a thorough inspection where nothing escapes its drones' high-resolution cameras. Moreover, the technology also makes inspections much safer as it gets rid of the need to scale the roof.

Once all the information is collected from the drones, the photographs and video, along with the customer's other private information can be stored in the Mighty Dog Customer Vault. The company has built the

customer vault to adhere to the latest security standards to keep all data completely secure while also being readily accessible.

“The vault makes it extremely easy for homeowners to stay on top of home maintenance,” says the spokesperson for Mighty Dog Roofing. “We can record pictures, measurements, damage assessment, any insurance notes, warranties, and more. If you sign up for our free annual maintenance plans, you will get regular reminders on the best time to go for a roof inspection. This will not only ensure that your roof lasts longer but when it comes time to sell your property, your realtor will also thank you for having all this information easily available.”

The Columbus roofing contractor proudly offers customers a craftsmanship warranty as well as a manufacturer’s warranty. New customers can get started by signing up for the company’s 25-point comprehensive inspection that covers every aspect of the property’s roof and leaves no stone unturned. In case the roof needs repairs, the information captured in the customer vault can be used as proof to submit an insurance claim with the homeowner’s coverage provider.

Mighty Dog Roofing of Columbus West is led by Jonathan Mugler, a Columbus native passionate about serving the community that he calls home. He and his team have participated in several charitable events such as raising over \$70K for the Leukemia and Lymphoma Society during the pandemic, providing roofs to veterans, supporting the local Humane Society, and participating in Habitat for Humanity efforts.

The locally owned and operated roofing contractor offers a wide range of roofing services including roof inspection, roof installation, roof repair, attic venting, gutter installation, gutter inspection, gutter repair, and more. It serves residential and commercial customers in Columbus, Delaware, Dublin, Galloway, Grandview, Grove City, Hilliard, Lewis Center, Marysville, Orient, Ostrander, Plain City, Powell, Upper Arlington, West Jefferson, Worthington, and nearby areas.

Columbus residents have profusely praised Mighty Dog Roofing for its expert roofing services, the professionalism of its crew members, and helpful customer service. This is evident on its Google Business Profile where the roofing contractor boasts an excellent overall rating of 4.8 out of 5.0 from over 50 reviews.

One customer talks about their experience with Mighty Dog on a recent roofing project by saying, “We chose to use Mighty Dog with a recommendation from our neighbor. Their quote was reasonable and they were incredibly responsive to emails, texts, and phone calls. They did everything exactly like they said they would. Post-install they cleaned up and made good on any incidental damages. Ours was a very large and complicated project but the crew was prepared and experienced. We would highly recommend Mighty Dog.”
