Austin Tree Services Launches Innovative Mobile App to Help Homeowners Identify Local Tree Species

April 03, 2023

El Camino Real, California - April 03, 2023 -
Austin, TX - Austin Tree Services, a leading tree care and services company based in Austin, TX, is proud to announce the launch of its groundbreaking new mobile app, TreeID. Aimed at helping homeowners identify local tree species, the app provides users with easy-to-understand information about various trees in the region.

TreeID was developed by a team of experts from Austin Tree Services and is designed to provide quick access to detailed information about trees in a user-friendly way. Users can easily search for tree types and view photos, facts, and other helpful data using an intuitive interface. Furthermore, the app allows users to save their favorite trees in their library and share them with friends and family.

"At Austin Tree Services, we are always looking for ways to make tree care easier and more accessible," said Douglas Andrews, CEO of Austin Tree Services. "We are confident that this app will be a valuable tool for our customers and help them better understand the trees in their environment."

The app also features an interactive map that displays nearby trees, allowing users to locate nearby species and learn more about them quickly. Additionally, TreeID contains a comprehensive database of trees in the area, including their scientific names, common names, characteristics, planting tips, and more.

Lead researcher Dr. Anna Brown commented on the app's development process: "Our team worked hard to create an informative yet easy-to-use tool to help homeowners confidently identify local tree species. We are very excited to launch TreeID and hope it will benefit people across the region."

TreeID is now available for free download on iOS and Android devices. It is the latest offering from Austin Tree Services, which has provided tree care solutions to the Austin area since 2000. The company specializes in tree trimming, pruning, stump grinding, disease treatment and prevention, fertilization, and other services.

"At Austin Tree Services, we are committed to providing excellent service and products to our valued customers," said Andrews. "We are proud to introduce this innovative new mobile app and look forward to continuing to serve the Austin community for many years."
