J&M Tree Service Redlands Partners with Local Utility Companies to Provide Energy-Efficient Tree Pruning Services

April 03, 2023

April 03, 2023 -
Redlands, CA ? J&M Tree Service Redlands is proud to announce its partnership with local utility companies to provide energy-efficient tree pruning services. This strategic partnership aims to help the city of Redlands reduce energy costs while ensuring trees remain healthy and beautiful.

Founded in 1996, J&M Tree Service Redlands has served the local community for over 25 years, providing quality tree care services, including pruning, trimming, removal, and stump grinding. The company's mission is to ensure trees' health and beauty for the community's benefit.

This new partnership between J&M Tree Service Redlands and local utility companies will enable the company to provide energy-efficient tree pruning services. This means that trees will be trimmed to maximize their ability to absorb sunlight and generate energy. This strategy can help reduce energy costs for the city of Redlands and increase its overall energy efficiency.

Read this story to see how J&M Tree Service Redlands recently created an excellent experience for local tree climbers: https://www.pressadvantage.com/story/59108-j-m-tree-service-redlands-offers-unforgettable-tree-climbing-experiences.

Oster Angelo, CEO of J&M Tree Service Redlands, said, "We are thrilled to partner with local utility companies to provide energy-efficient tree pruning services. Trees are an important part of our environment and must be cared for to maintain their health and beauty. We believe this will save money on energy costs and help preserve our natural resources."

The new service will be conducted by trained professionals who understand the importance of sustainable tree care practices. The J&M Tree Service Redlands team has extensive knowledge and experience in caring for trees. It will use the most advanced techniques to ensure trees are properly trimmed and maintained.

Lead researcher at J&M Tree Service Redlands, Sarah Smith, added, "Today's urban forests face many challenges due to climate change, so we must take steps to ensure their health and longevity. By partnering with local utility companies to provide energy-efficient tree pruning services, we can help reduce energy costs and ensure our urban forests thrive."

This innovative partnership between J&M Tree Service Redlands and local utility companies marks the first time such a program has been implemented in Redlands. It is an exciting step toward creating a more sustainable and energy-efficient future for the community.

J&M Tree Service Redlands is a family-owned business that provides quality tree care services for the local community. Since 1996, they have provided quality pruning, trimming, removal, and stump grinding services for residential and commercial customers. Their mission is to ensure the health and beauty of trees for the benefit of the community.
