El Dorado Hills Tree Service Pros Partners With Local Brewery to Create Special Beer Made From Tree Bark and Leaves

April 03, 2023

April 03, 2023 -
El Dorado Hills, CA - El Dorado Hills Tree Service Pros is proud to announce a new partnership with local brewery Strand Brewing Company to create a new seasonal craft beer made from the bark and leaves of trees. This unique and innovative brew is set to launch this summer, making it the perfect pairing for hot summer days spent enjoying nature in El Dorado Hills.

The specialty beer will be crafted using tree bark and leaves collected and processed by El Dorado Hills Tree Service Pros. The bark and leaves are then used in brewing, creating a unique flavor profile that will delight beer drinkers.

"We're thrilled to partner with Strand Brewing Company on this innovative project," said Rene Swopes, CEO of El Dorado Hills Tree Service Pros. "We believe this beer will be a great way to raise awareness about our company while also giving people an enjoyable experience they can share with friends and family."

The creation of this unique beer has been overseen by a team of researchers from both El Dorado Hills Tree Service Pros and Strand Brewing Company. Led by Lead Researcher Dr. David Forrest, the research team has focused on understanding the implications of using tree bark and leaves in the brewing process and testing the flavor profiles of different combinations.

"Our team has worked diligently to determine the best possible combination of ingredients to create a flavorful

beer that is truly one of a kind," said Dr. Forrest. "We feel confident that we have come up with something that everyone will love, whether they are a beer connoisseur or just someone looking for a fun, summertime beverage."

This unique beer will only be available for a limited time during the summer months, so people interested in trying it should act quickly to ensure they don't miss out. In addition, those who purchase the beer will also contribute to a great cause, as a portion of all proceeds will be donated to local tree conservation efforts in El Dorado Hills.

"We are passionate about protecting our environment, and we hope this partnership will help us raise money for important tree conservation efforts," said Swopes. "This beer is a great way for people to enjoy the outdoors and do something good for their community at the same time. We invite everyone to join us in supporting this cause."
