Edmond Tree Experts Launches Semi-Annual Program to Provide Free Tree Care Services to Public Housing Communities

April 04, 2023

April 04, 2023 -
Edmond, OK ? Edmond Tree Experts, a local tree service company based in Oklahoma, announced today the launch of their new semi-annual program designed to provide free tree care services to public housing communities in the Edmond area. Through this initiative, Edmond Tree Experts will work with local government and community organizations to provide tree trimming, pruning, removal, and other tree care services to low-income families and individuals who cannot otherwise afford these services.

?We are thrilled to be able to offer this unique program to those in need,? said Ardian Idrizi, CEO of Edmond Tree Experts. ?Trees are an important part of our environment, and we want to ensure everyone can access proper tree care services. We hope this program can make a real difference in the lives of those living in public housing communities throughout the Edmond area.?

The new semi-annual program will provide free tree care services, such as trimming, pruning, and removal, to public housing communities in Edmond. The program will run twice a year?once in the spring and once in the fall?to ensure that trees in the area receive the appropriate care they need throughout the year. Edmond Tree Experts will also provide educational resources and materials to help residents properly understand how to care for their trees.

The program is part of Edmond Tree Experts? continued commitment to giving back to the community. In addition to providing free tree care services, the company also works closely with local schools and nonprofits

to promote environmental awareness and education.

?At Edmond Tree Experts, we believe that it?s our responsibility to give back to those in need and help our community grow stronger,? said Idrizi. ?We couldn?t be more excited about this new program and what it means for the future of public housing communities in Edmond. We look forward to working with local organizations and government agencies to ensure all community members access proper tree care services.?
