

Minneapolis Car Buyer Opens Its Doors

December 09, 2015

December 09, 2015 - PRESSADVANTAGE -

Car Buyer Minnesota, a business in Woodbury, MN, has announced the grand opening of their Minneapolis office. The company focuses specifically on purchasing junk cars, promising to pay the highest amount of money for it. They encourage anyone with a junk car to come and pay them a visit in person or online.

"We pay the most cash for your car or truck," says Mike Costigan from Car Buyer Minnesota. "We have over six years experience in this field and we pick vehicles up for free as well."

To celebrate the opening of their Minneapolis office, they have also launched their fully functional website. It includes a live chat function where questions can be answered for those who are interested in selling their vehicles. For someone who wants to sell junk car Minneapolis is now the place to be.

Mike Costigan promises customers that he will pay the most cash for all vehicles on the spot. He accepts vehicles that are running and those that are not. He also guarantees that he always gives an honest and professional service on any vehicle that someone offers.

People can receive an instant quote over the telephone. If they accept the quote, their vehicle can be picked up or towed completely free of charge. When the vehicle is picked up, they will be given the cash in hand. The service is already becoming incredibly popular.

"When my dad died, he had about five vehicle wrecks in his backyard," says one happy customer. "He was a bit of a hoarder, always saying he would fix them up and do something great with them. None of them ran anymore and all they were doing was polluting the environment. I'm so happy that Car Buyer Minnesota was able to come over and tow them away, and they gave me a bit of cash for it as well."

Car Buyer Minnesota is fully registered with all of the relevant authorities. They also have earned an A+ TrustMarkScore, as well as an A+ Better Business Bureau accreditation. This guarantees that they offer an honest, reliable and professional service.
