

Tree Service Experts Santa Rosa Launches Sustainable Wood Recycling Program to Take the Industry to New Heights

April 04, 2023

Santa Rosa, California - April 04, 2023 -
Santa Rosa, CA ? Tree Service Experts Santa Rosa is proud to announce the launch of its sustainable wood recycling program. The program marks a significant milestone for the company, which has been serving the Santa Rosa area for over 25 years. The new initiative is part of the company?s ongoing commitment to sustainability and environmental stewardship.

The waste created by tree removal and trimming can be significant, but Tree Service Experts Santa Rosa has found a way to make this process more eco-friendly. Through its new recycling program, the company will divert thousands of pounds of wood from local landfills each year and repurpose it into valuable materials such as garden mulch, sawdust, and firewood. The program also helps create jobs in the local community by employing individuals to process the recycled wood.

?We?re thrilled to launch our wood recycling program and take our commitment to sustainability to the next

level,? said Robbie Barbera, CEO of Tree Service Experts Santa Rosa. ?Our team is passionate about giving back to the environment and positively impacting our community. This new program reduces waste and creates job opportunities for locals. It?s a win-win.?
