Celestial Stem | CBD & Wellness was founded by Jason Axtolis as a result of his frustration with the CBD products he had been using for himself and his pets. He found that the products were not effective and provided unsatisfactory results. In addition, he noted that some products were even overpriced. With regards to the CBD pet products, he found that they had very low dosages. Celestial Stem has now succeeded in offering high quality CBD products, including CBD products for pets. In addition, they have succeeded in expanding their range of products to include non-CBD health gummies, bath and body products, functional pet treats, and also herbal formulas and extracts, crystals and custom jewelry.

Those who are looking for full spectrum CBD gummies in Mesa and other products can check out the Celestial Stem | CBD & Wellness website or contact them on the phone or through email.
