

Hahn Automotive Offers Auto Repair Service In Santa Rosa

April 10, 2023

April 10, 2023 -
Santa Rosa, CA based Hahn Automotive is providing a wide range of fleet auto repair services to local clients. The company has been helping fleet owners save on commercial vehicle repair and maintenance for over two decades.

Some of its clients include car dealerships, hotels, schools and more. The company offers preventative maintenance programs, fuel systems diagnostics and brake system evaluations for all kinds of vehicles from a variety of brands, both popular and otherwise. Hahn Automotive works with vehicles of all sizes as well, including light duty and heavy duty diesel trucks.

Regular maintenance is absolutely necessary if a business or organization intends to keep their fleet in good working condition. By taking fleet vehicles to Hahn Automotive regularly, they can be confident that their vehicles are operating at maximum efficiency and that any issues will be identified and dealt with quickly. Hahn Automotive is the preferred fleet service provider for clients at various stages of growth, and the company is always happy to take on new clients.

?We are your complete auto repair shop in Santa Rosa, CA,? states Hahn Automotive ?We understand that you need reliable automotive maintenance and service to keep you on the road. You want your automobile fixed right, the first time. Often, the best ?deal? is not always the best ?value.? Call us first to learn about our comparable services and outstanding customer care. Our full-service Santa Rosa automotive repair shop provides both routine and complex auto services, from oil changes, major maintenance services and tune-ups to in-depth engine diagnostics and electronics. All these factors and more make us your auto repair Santa Rosa shop of choice.?

Hahn Automotive Auto Repair has served the Santa Rosa community for over 55 years. The owner of the company, Billy Coughlan, began working at Hahn in 1979 and later purchased Hahn Automotive in 1989. Coughlan and the Hahn team have strived for excellence ever since, and the company has built an excellent reputation as a result. The company has long become an important part of the community, with its role and significance continuing to expand over time. Hahn Automotive values this position greatly, and the company does all that it can to reduce the effect of its operations on the environment, practicing green principles wherever possible.

The company?s efforts have led to many clients sharing glowing feedback on several platforms. Karen C. says about working with Hahn Automotive, ?There is not enough words to describe our gratitude and appreciation for Billy and his team at Hahn automotive. We bought a boat last year that unfortunately didn?t run as promised. So, we brought it over to Billy, and in just a couple days he was able to figure out why it didn?t run, and he fixed it with no problems. I can honestly say that because of Billy we were able to enjoy our boat this summer, 2021. I would recommend Billy at Hahn Automotive any day to anyone looking to have their boat fixed. He is super knowledgeable, honest and very affordable. Thanks again, Billy, you?re a lifesaver!?

Margaret I. has similar comments to share. Their review says, ?My car would not start and was not making a sound. I did not know if it was my battery or my alternator. I hooked up my battery to my charger. Later, I went online, found Hahn Automotive, called them Friday around 1:00 pm, they said they had time to look at the car, so I drove down to their business. They checked my alternator and it was good. Then they checked my battery, it was bad. They installed a new battery, and I was back on the road in about an hour. They were friendly and solved my problem quickly. I recommend them if you need service on your vehicle.?

Hahn Automotive is considered one of the best at what they do in Santa Rosa, and they are able to provide unmatched service when it comes to fleet maintenance. For more information on fleet maintenance and auto repair in Santa Rosa, visit Hahn Automotive?s website.
