

Seymore Party Rentals Take Events To New Heights In Huntington TX

April 11, 2023

April 11, 2023 - PRESSADVANTAGE -

TX based Seymore Party Rentals is bringing the party to customers in Huntington and beyond with its expansive range of party rentals. Since it is not feasible for most customers to purchase entire slides or games for events they will have only a few times a year, a rental can make much more financial sense. See more here: <https://www.seymorepartyrentals.com/>.

One of the biggest advantages customers will appreciate when working with Seymore Party Rentals is the fact that the company has a highly varied selection of rentals to choose from. Therefore, whatever a customer's needs or preferences may be, it is likely that they can find the right rental here. All they have to do is give the company a call (or visit their website) and place an order.

Bounce houses are among the company's most popular offerings, but there are several variations that customers may find more attractive, depending on the season and what their party is about. During the summer, for instance, many find the company's combo rentals to be far more suitable, especially if they

combine dry and wet options. The company's Tiki Falls Combo is one such example, available for both dry and wet events.

"You can beat the summer heat with a wet slide," the company points out, "that allows you to cool off in the water while you simultaneously enjoy the rush of speeding down a slope. Children are especially fond of our wet slides, though the bounce houses, combos and obstacle courses remain highly popular as well. We are in the business of helping our community make great memories. Call us today or visit our website to schedule your next rental." See more here: <https://www.facebook.com/seymorerentals>.

Much can be gleaned about the quality of a company's services from the way it has treated customers in the past. Seymore Party Rentals has been operating in the area for several years, and they have worked hard to meet and exceed customer expectations at every opportunity. While the Seymore team is proud of their work, the evidence of this is immediately visible in the glowing feedback the company has received from customers across Huntington and elsewhere in its service area.

"We will definitely be renting from Seymore Party Rentals again," says Abbey S. "Website was super easy to navigate, and I had a water slide rented within minutes. I added on an additional day for \$25. What a deal! The kids were on it from sunup to sun down. The best way to beat this Texas heat. Thanks again, Seymore Party Rentals!"

A more detailed review from Latisha B. shares, "We rented two inflatables for our senior Project Celebration from Seymore Party Rentals. They were the absolute best! Amazing customer service, from confirmation two days before, calling to let us know they were on the way to deliver, calling to let us know they were on the way for pickup, and very prompt in keeping with drop off and pickup times. We had approximately 190 kids attend, and they were all on one or the other at some point during the night, and we never had a problem with either inflatable, so they are in excellent condition. They even donated a portion of the cost to make sure our kids had an amazing night! Exceptional all the way around. I cannot recommend them enough!" The Seymore Party Rentals team makes it their mission to ensure their community's events receive all the support they need. In addition to offering an incredible variety of rentals to choose from, the company maintains a strict standard of customer service. As such, customers can always expect open and prompt communication, convenient bookings and timely delivery or pickup. Seymore Party Rentals is the partner that every celebration or gathering needs, and it never takes long for customers to discover how valuable the company's involvement can be.

Details on each rental can be found on the company's official website. Parents and party organizers are welcome to phone Seymore Party Rentals directly as well if they require additional assistance.
