Criminal Defense Lawyer Now Official Law Firm Partner Of The Dallas Stars

April 19, 2023

Dallas, Texas - April 19, 2023 -
Dallas, TX based Chris Lewis & Associates is pleased to announce that they are now the official law firm partner of the Dallas Stars. The firm will be working closely with the Dallas ice hockey team. The firm is proud to be the official partner of one of the most prestigious organizations in Dallas, and they expect their partnership to be beneficial for both parties.

Christopher Lewis often finds himself at the very top of top attorney lists in Dallas. Both past clients and other attorneys respect Chris Lewis? knowledge, experience and accomplishments, especially given that he has contributed a great deal to numerous areas of criminal defense and personal injury law. He currently holds a 10/10 Avvo rating and an AV Preeminent rating by Martingdale Hubbel, the highest possible rating a lawyer can receive in recognition of their skills and experience. Lewis? name often comes up in discussions concerning who may be the best lawyer in Texas or in the whole country, and this reputation contributed greatly to his firm becoming the official partner of the Dallas Stars.

Chris Lewis & Associates primarily specializes in criminal defense, helping Dallas clients prove their innocence. ?Many people don?t think about all the negative effects of a conviction in Texas,? says Chris

Lewis. ?Now you have the chance to change the outcome of your arrest and criminal case, and thus your life. You won?t be able to change the outcome later, after you?ve already pled guilty or been convicted of the crime you?re facing. It is more than possible to get justice and beat a criminal charge with professional legal representation from a dedicated Dallas criminal defense lawyer at our law firm.?

Defense lawyers can handle a wide range of crimes, from the biggest to the smallest. The firm?s attorneys have worked on all sorts of cases and helped their clients get the best outcome no matter how difficult their cases may appear at the outset. Some of the most common crimes the firm helps Dallas residents include drug crimes, violent offenses, federal crimes and marijuana related offenses.

The law firm recommends taking certain steps to maximize the likelihood of a positive outcome when facing a criminal case. Typically, the first hearing takes place within 48 hours of an arrest, and this is where the court informs the defendant of the charges they are facing. This is also where they are asked if they wish to plead innocent or guilty. Chris Lewis & Associates recommends not pleading until the client has had a chance to speak to a criminal defense attorney. The firm also recommends taking the case very seriously no matter how small the crime may initially appear. This means calling an attorney as soon as possible and not doing anything to worsen the situation.

People accused of crimes often fail to grasp how serious their situation is because they do not understand the potential consequences. A criminal conviction can be life changing. Convicted offenders have been fired from their jobs, barred from living in certain areas, had their reputations ruined (as well as their finances) and generally suffered from a host of consequences. This is why it is important to avoid being convicted of the most serious crimes ? and why it is important to hire a criminal defense attorney to fight even minor charges.

Chris Lewis & Associates has mastered the art of fighting criminal charges on behalf of Dallas residents. One review of the law firm states, ?I was in an automotive accident while in the process of moving halfway across the country. Having not yet settled into my new home/state, I was immediately faced with unwanted stressors, phone calls and legal documents. After being introduced to the two, they immediately relieved me of any unwanted pressure and headaches.?

The review continues, ?The team did a very nice job of reassuring me and making me feel protected throughout the entire process. Answering questions in detail, educating me on unfamiliar processes and most importantly relaying open and honest information, allowing us to make decisions together. Hoping safety situations as such do not occur for anyone, but if they do, I would recommend the team 100%!?
