The review says, "Best experience I've ever had dealing with a contractor. They were able to repair my roof when others said it had to be replaced. They showed up on time and fixed the problem correctly. No leak since! However, the reason I will use them when I do get my roof replaced is that when they initially charged me more than the estimate, the owner called me and told me about it. He brought me my check back and had me write another one for the quoted amount. Needless to say, I was shocked. I will definitely use these guys in a couple of years when I do go and replace my roof. You rarely run across a business as honest as this. Thank you, Mighty Dog Roofing."
