

The Best Tattoo Removal Service In Las Vegas Revealed

December 08, 2015

December 08, 2015 - PRESSADVANTAGE -

Tattoo Mods, a business in Henderson, NV, is proud to announce that they have been voted the nation's best tattoo removal provider. They were entered into a national competition by their customers and faced some fierce competition. The results were announced at a recent tattoo convention in Las Vegas, NV.

"We are so proud to have won the national award for best tattoo removal service," says a spokesperson for Tattoo Mods. "We have always stood fully behind the quality of our removal procedure, but we had to go up against some big names across the entire country. To actually win it is a big deal, particularly in the first year of the award."

This was the first year the tattoo removal award was handed out at the national convention. One of the reasons for this is the fact that the procedure is only just becoming mainstream. Additionally, because it is seen as a painful, lengthy and expensive procedure, those who go through it often don't have much good to say about it. However, it is quickly becoming a common part of the body modification industry and, since regular tattoos also hurt, this is no longer a reason for people to not positively review a service. Further details about the procedure are available through the Tattoo Mods website on <https://www.facebook.com/Tattoo-Mods-898932643477305/>.

"I had a very silly tattoo done once in a drunken stupor," says Tatiana Hanson. "While I can complain all I want about the tattoo 'artist' who did the tattoo, I was stuck with it. I didn't want to get a huge cover up either, because I'm only small myself. I'm so happy I was able to find someone to actually remove it. It only took three sessions as well, and I'm dead pleased with the result."

Tattoo Mods encourages everybody to follow them on Twitter through <https://twitter.com/tattoomods1>. This is an opportunity for them to be kept up to date with latest developments in the industry. Additionally, photographs of the award show in which Tattoo Mods received the prize will soon be released on Twitter, Facebook and the company's website as well.
