April 20, 2023 - PRESSADVANTAGE -

The Stupid SEO Testers Group, consisting of Lee Witcher, Honey Witcher, and Carolyn Holzman, are proud to announce the launch of their latest project, Hugs4Holly.com, a website dedicated to encouraging Holly Starks to embrace hugs from SEOs.

As many SEOs know, Holly Starks is a prominent figure in the SEO community, known for her SEO expertise and her reluctance to embrace hugs from fellow SEOs. The Stupid SEO Testers Group believes everyone deserves a good hug, and they have taken it upon themselves to help Holly Starks overcome her aversion to hugs.

Hugs4Holly.com is a fun and lighthearted way to show Holly Starks that hugs from SEOs are nothing to be afraid of. The website features a range of virtual hugs, from the "Gentle Pat on the Back" to the "Bone-Crushing Bear Hug," all customizable to fit Holly's preferences.

Honey Witcher, co-founder of The Stupid SEO Testers Group, stated, "We know that Holly is a bit hesitant when it comes to hugs, but we hope that the website will help her overcome her fears and embrace the warmth and love that comes with a good hug."

Carolyn Holzman, another member of The Stupid SEO Testers Group, said, "We're not trying to force Holly to do anything she doesn't want to do. We just want her to know that hugs from SEOs can be a wonderful thing, and we hope that the website will encourage her to give them a try."

"We believe that everyone should experience the joy of a good hug, even Holly Starks," said Lee Witcher, co-founder of The Stupid SEO Testers Group. "Hugs4Holly.com is our way of showing her that hugs from SEOs can be a positive and uplifting experience. Holly, if your reading this, please give the website a try and embrace the love and warmth that comes with a good hug."

Those that love Holly Starks and want to encourage Holly to embrace hugs from SEOs, head over to Hugs4Holly.com.
