Roofing Contractor in Torrington CT Earns Five-Star Review

April 28, 2023

April 28, 2023 -

SJ Winn Construction, a roofing company serving Torrington, CT, takes pride in announcing they have earned another five-star review on Google where they have an overall rating of 4.8 out of 5 stars. This roofing contractor is GAF-certified and prides itself on providing high-quality residential roofing services, such as storm damage repair and restoration and roof replacement services in Torrington and nearby areas.

Scott Winn, the owner of SJ Winn Construction, says, ?At first, the term ?Torrington roof replacement? may send shivers of uncertainty down your spine and fears of empty bank accounts through your mind. But it doesn't have to be that way. With us at SJ Winn Construction, our experience and access to the country's highest-grade roofing materials ensure your replacement goes off without a hitch and surpasses your highest expectations.?

Since their roof replacement team is GAF-certified, SJ Winn customers can take advantage of the premium materials, a properly accredited and licensed roofing contractor, and the best warranties in the industry. It may be time for a roof replacement if the roof is aged or has suffered major damage that it is no longer worthwhile to have it repaired. Although a roof replacement is expensive, it may actually save the homeowner

thousands of dollars in the future because if not, the damage may worsen and water getting through the roof can cause damage to valuable belongings inside the home and to the house itself.

There are some indicators that the roof needs replacement. For instance, sunlight may now be going through the cracks or the roof has damaged flashing. Other signs include: water leaking from the roof; the roof is so old that it is no longer supported by its warranty; and there are many missing shingles or tiles. It should be noted that ultimately, the decision to have the roof replaced should come from a professional roofing specialist just like the members of the SJ Winn Construction team. With their experience and knowledge, they can easily spot even those small indicators that it is time to have the roof replaced.

In the above-mentioned SJ Winn Construction customer review, the customer said, ?Scott and crew replaced a roof from an insurance claim. They did an excellent job and at all times were timely, professional, and knowledgeable. If you plan on hiring a company to work on an insurance claim, definitely speak with Scott and get him involved, he's very good and savvy at dealing with them. Highly recommend.?

Storms and hurricanes are common in Connecticut, which is why SJ Winn Construction often provides storm damage restoration to homeowners in the area. Whether the roof was damaged by the strong winds or a tree branch falling on the roof, they can provide the necessary repair to make sure that the roof can protect the home again. The first thing that they will do is conduct a roof inspection to determine the extent of the damage. They will perform a thorough inspection, looking for leaks, water damage, worn-out areas, and damaged, missing or loose shingles. After the inspection, they will provide a free estimate and once the client approves it, they will perform the roof repair.

Established in 2007, SJ Winn Construction, which is based in Winsted, CT, offers roofing services to their local neighborhood and surrounding areas, including Torrington. They offer different types of roofing services, including roof replacement, roof inspection, and storm damage restoration. They are a GAF-certified contractor, ensuring that homeowners and other property owners will have peace of mind knowing that they are properly insured and licensed roofing professionals. This certification indicates that customers are provided with the best warranties available in the industry and they can use the most premium roofing materials available in the country, offering customers extra protection against UV, storms, and ice.

Those who are interested in services for roofing in Torrington CT and nearby areas can visit the SJ Winn Construction website or contact them by phone or via email. They are open from 8:00 am to 4:00 pm, from Monday to Saturday.
