

Man Recommends The River Source ?to Anyone Seriously Trying to Give Life Another Chance?

April 18, 2023

Phoenix, Arizona - April 18, 2023 - PRESSADVANTAGE -

Gilbert, Arizona? A former client has praised the programs and staff at The River Source addiction treatment center in a five-star review on Google.

"My experience at River Source was fantastic," wrote Larry, the former client. "The tools I received while there was personal, caring and robust. The knowledge and tools I received from River Source have started my journey of recovery off on a strong path and my confidence is off the charts.

"The best part of RiverSource is their personnel," he continued. "Each is unique, but they care about you and tailor their care to the person. (I) would recommend River Source) to anyone seriously trying to give life another chance."

A fully accredited drug and alcohol rehab center with five locations in Arizona, including Phoenix, The River Source is a safe place for people seeking long-term relief from drug and alcohol addiction. The RiverSource designs a journey of recovery on the entire continuum of substance treatment, from detox to residential care and lifetime alumni services. Programs include partial hospitalization and intensive outpatient programs.

All provide evidence-based therapy but also take a holistic approach that encompasses the entire self -- body, mind and spirit. For instance, in the detox phase, during which the body is cleansed of drug and alcohol toxins, pain and discomfort can be relieved with nutritional IV therapy and medication-assisted treatment while the client also learns to relax and reduce mental and spiritual distress through non-traditional approaches such as massage, dry sauna, acupuncture, yoga and meditation. Later, in rehab, options can include therapies such as massage, nutritional therapy and dry infrared sauna.

Far from merely pampering clients, these therapies have solid therapeutic value. In the sauna, for instance, the dry heat enhances relaxation that can help the client relax and focus on healing. It is a safe, natural

remedy with no side effects but many benefits.

It's The River Source's Reclaim Your Life program that operates with the singular goal of helping clients discover the best version of themselves. Its integrative approach is clinically driven but always delivered with honesty, integrity and kindness.

Key offerings for men include group therapy, individual counseling, family therapy, and co-occurring disorders; treatment is 12 Step-focused and emphasizes peer support. Women's treatment includes trauma-informed care and therapy that promotes healthy bonds between women, with a specialized pregnancy track.

Clients experience treatment in a setting that, while not luxurious, is comfortable. Clients can watch TV in detox and in residential areas. Facilities include fitness equipment, games and recreational activities.

For information on Arizona's premier drug and alcohol rehab program, visit The River Source or call 866-367-6881.
