In a recent customer review, Diane H. gave them a five star rating and said, ?After talking to at least 3 different companies to give me an estimate on repairing my daughter's ?older home? I was lucky/ fortunate to call Mighty Dog Roofing of Waynesboro. Ethan communicated 100 % on spot and we met at my daughter's house. He listened to my daughter's main concerns, made recommendations and that same day, actually got a ladder out of his vehicle and fixed and caulked a piece of siding that was loose. I haven't experienced this kind of customer service in a long time. My daughter was thrilled. We are definitely going to use this company for a few more projects. Thank you to Ethan for being so genuine and having the knowledge to come up with several different solutions to my daughter concerns.?

One of the of factors that make the services provided by Mighty Dog Roofing of Waynesboro distinctive is their Drone Superscan inspection service. A drone is used to help inspect 25 elements of the roof and other vital external parts of the home. These include: inspection of valleys; inspection of storm damage caused by hail; aircon unit exterior inspection; inspection of storm damage caused by the wind; downspouts inspection; inspection of skylights; ventilation inspection; inspection of step counter flashing; eaves and rakes inspection; drip edge inspection; inspection of step and counter flashing; roof edging inspection; nail head inspection; soffits and fascia inspection; inspection of gutter aprons; hip and ridge inspection; inspection of roof sheathing or decking; plumbing stack inspection; chimney inspection; roof ventilation and exhaust system inspection; window inspection; foundation drainage inspection; gutters inspection; attic inspection; inspection of siding; and inspection of furnace caps and pipes. The initial roof inspection report will serve as the baseline health of a customer?s roof.

Mighty Dog Roofing of Waynesboro also provides the Customer Vault for the convenience of the client. They will be storing various information about the roof of each particular customer, including the history of any roof repairs or replacement that have been done. Included in the Customer Vault are: warranty information; photos and videos; annually updated drone information; insurance information repair records; reports for the customer?s realtor/insurance agent; manufacturer information; tracking of all repairs and replacements with dates, products, and services used; all insurance details for easy and convenient claims handling; and annual reminders for the inspection of the customer?s roof. Those who want to get more information regarding the various services can visit web site.

Mighty Dog Roofing of Waynesboro also offers the Watchdog Maintenance service, which has the purpose of detecting any issues with the roof as early as possible so that the proper fix can be done to prevent it from worsening. They will perform the inspections yearly and submit maintenance reports that will be kept in the Customer Vault for that particular customer. The annual maintenance reports will be compared to allow the estimation of how long the roof will last. This will allow the homeowner or property owner to be ready for the huge expense of a roof replacement.
