# Unveiling the Tree Oscars: Burbank Tree Professionals Honors Remarkable Trees in California

*April 19, 2023*

April 19, 2023 -
BURBANK, CA ? Burbank Tree Professionals, a premier tree care services provider in California, is excited to announce the launch of the Tree Oscars. This unique award ceremony celebrates the most remarkable trees in California. In addition, the event aims to raise awareness about the importance of preserving these natural wonders and promote conservation efforts throughout the state.

Adem Yasa, CEO of Burbank Tree Professionals, explains the motivation behind the event: "We wanted to create a platform to honor the incredible trees that contribute so much to our environment and our communities. The Tree Oscars will spotlight these living monuments and inspire people to appreciate and care for them."

The Tree Oscars will recognize trees in various categories, including California's oldest, tallest, and most historic trees. Nominations will be open to the public, and a panel of expert arborists and conservationists will review the submissions to select the winners. The award ceremony, scheduled for later this year, will bring together tree enthusiasts, conservationists, and local communities to celebrate the state's arboreal treasures.

Yasa emphasizes the significance of the event: "Trees are not just a vital part of our ecosystem, but they also hold deep cultural and historical importance. By honoring these remarkable trees, we hope to inspire a sense of stewardship and responsibility among Californians and create a lasting legacy for future generations."

To see how Burbank Tree Professionals protects trees in the city and neighboring regions, visit the company's website: https://www.treeserviceslosangeles.com/burbank/.

In addition to the Tree Oscars, Burbank Tree Professionals will also host workshops and activities in the lead-up to the awards ceremony. These events will focus on tree care, preservation, and the vital role trees play in the environment. The company also plans to collaborate with local schools and community groups to

involve the younger generation in tree conservation efforts.

"We believe that education is a crucial component of our Tree Oscars initiative," says Yasa. "Engaging with children and young people can foster a love for trees and the natural world that will last a lifetime. Our workshops and activities will provide practical knowledge and hands-on experience, empowering participants to become active agents of change in their communities."

The Tree Oscars and accompanying events are part of Burbank Tree Professionals' ongoing commitment to preserving California's rich tree heritage. As a leading provider of tree care services, the company is dedicated to promoting the importance of trees and ensuring their continued survival and prosperity.

Yasa highlights the company's broader mission: "At Burbank Tree Professionals, we are passionate about trees and their essential role in our lives. The Tree Oscars are just one of the many ways we strive to demonstrate the importance of trees and inspire others to join us in our efforts to protect and preserve them."

Burbank Tree Professionals plans all its projects from its base of operation at 2128 N Valley St, Burbank, CA, 91505. Homeowners interested in the company's services can contact its office at 747-281-2972 and sales@treeserviceslosangeles.com.
