The Tree-Athlon: Jacksonville Tree Service Experts Launches Tree Care and Fitness Event

April 19, 2023

April 19, 2023 -
Jacksonville, FL ? Jacksonville Tree Service Experts, a leading tree care company in Jacksonville, Florida, is proud to announce the launch of a unique event combining tree care and fitness. Dubbed the "Tree-Athlon," this exciting event aims to promote the importance of tree care and healthy living while bringing the community together in a fun and engaging way.

Beatrice Lindesy, CEO of Jacksonville Tree Service Experts, explains the inspiration behind the Tree-Athlon: "We wanted to create an event that raises awareness about the importance of tree care but encourages people to stay active and maintain a healthy lifestyle. The Tree-Athlon is a perfect blend of these two objectives, offering a fun and challenging way for participants to learn about tree care while getting some exercise."

The Tree-Athlon event consists of three main activities ? tree planting, climbing, and a 5K run. Participants will be grouped into teams, each responsible for planting a tree, climbing a tree under expert supervision, and completing a 5K run through a designated course. Points will be awarded based on the time taken to complete each activity, and the team with the highest score will be crowned the Tree-Athlon champions.

According to Lindesy, the Tree-Athlon is designed to be an inclusive event that caters to participants of all ages and fitness levels: "We want the Tree-Athlon to be a fun and accessible event for everyone in the community. Whether you're a seasoned athlete or a complete beginner, the Tree-Athlon offers a chance to challenge yourself, learn about tree care, and have a great time with friends and family."

For information on how Jacksonville Tree Service Experts cares for the urban forest, visit its website: https://www.treeservicesjacksonville.net/.

In addition to the main Tree-Athlon activities, the event will feature educational workshops and

demonstrations by certified arborists and tree care specialists from Jacksonville Tree Service Experts. Participants and spectators will be able to learn about various aspects of tree care, including planting, pruning, disease management, and tree safety.

Lindesy emphasizes the importance of educating the public about proper tree care: "Many people are unaware of trees' essential role in our environment and the specific care they require to thrive. The Tree-Athlon is a fantastic opportunity for us to share our knowledge and expertise, helping people understand how they can positively impact the environment by caring for the trees in their own backyard."

Proceeds from the Tree-Athlon will be donated to local environmental organizations, further supporting the company's commitment to promoting healthy, green communities. Jacksonville Tree Service Experts also plans to make the Tree-Athlon an annual event, encouraging more people to get involved in tree care and fitness activities.

With a team of certified arborists and tree care specialists, Jacksonville Tree Service Experts offers a comprehensive range of services, including tree planting, pruning, removal, and disease management. The company is dedicated to providing exceptional customer service and environmentally responsible solutions for all tree care needs.
