Tree-Infused Spirits: West Palm Beach Tree Service Experts Collaborates with Local Distillery for Unique Beverages

April 19, 2023

April 19, 2023 -
West Palm Beach, FL ? West Palm Beach Tree Service Experts, a leading provider of tree care and maintenance services in West Palm Beach, has announced an exciting collaboration with a local distillery to create a line of tree-infused spirits. This innovative partnership combines the expertise of both companies to craft unique, flavorful beverages that celebrate the rich, diverse world of trees.

Jayda Veronica, CEO of West Palm Beach Tree Service Experts, describes the inspiration behind the collaboration: "Trees have long been a source of inspiration and wonder, providing us with essential resources and a myriad of benefits. As a tree care company, we wanted to explore new ways to share our passion for trees and celebrate their beauty and importance. Partnering with a local distillery allows us to create an exceptional line of tree-infused spirits that showcase various tree species' unique flavors and aromas."

The tree-infused spirits are carefully crafted using traditional distilling techniques and innovative methods, highlighting the distinct flavors and characteristics of each tree species. The line includes spirits infused with flavors from various parts of trees, such as leaves, bark, and fruit.

"We've worked closely with the distillery to ensure that our tree-infused spirits are not only delicious but also ethically and sustainably produced," explains Veronica. "We've selected tree species that are abundant in our region and can be harvested without harming the environment. In addition, we are committed to supporting local businesses and promoting environmentally friendly practices throughout our collaboration."

To see how West Palm Beach Tree Service Experts improves tree health, visit the company's website: https://www.treeserviceintegrity.com/.

The collaboration between West Palm Beach Tree Service Experts and the local distillery has resulted in a diverse collection of tree-infused spirits catering to various tastes. Some of the unique offerings include a citrusy gin infused with the flavors of the native Florida orange tree, a smooth and smoky whiskey imbued with the essence of oak bark, and a fruity brandy made from the ripe fruit of the local palm trees.

Veronica shares her excitement about the unique flavors and experiences the spirits offer: "Our tree-infused spirits provide an opportunity for people to explore the rich and diverse world of trees in a new and exciting way. Each spirit tells a story about the tree it's inspired by, and we hope that these beverages will spark curiosity and appreciation for the incredible world of trees."

In addition to creating unique, tree-inspired spirits, West Palm Beach Tree Service Experts and the local distillery are committed to giving back to the community and supporting environmental initiatives. The proceeds from selling the tree-infused spirits will be donated to local environmental organizations and planting projects in West Palm Beach.

"This collaboration is about more than just creating delicious, tree-inspired beverages; it's also about fostering a deeper connection with our environment and supporting initiatives that help protect and preserve our natural resources," says Veronica. "We are proud to partner with a local distillery that shares our commitment to sustainability and environmental stewardship."

The tree-infused spirits are now available at the local distillery and select retailers in the West Palm Beach area. West Palm Beach Tree Service Experts and the distillery are also planning events and tastings to introduce the spirits to the community and celebrate the beauty and importance of trees.
