The website is designed to be user-friendly and easy to navigate, allowing users to quickly find the information they need. The website primarily focuses on the dos and don'ts after a windshield replacement, as well as the importance of proper care to ensure the safety and longevity of the new windshield.

"As a trusted provider of auto glass services, we understand the importance of educating our customers about proper windshield care," said Joann R. Wiley, owner of Auto Glass in Dallas. "Through this new website, we hope to provide our customers with the necessary knowledge and resources to ensure their

safety and satisfaction after a windshield replacement."

Some of the topics covered on the website include:

- Why it's crucial to wait before driving your vehicle after a windshield replacement
- The importance of keeping your vehicle's windows slightly open to avoid pressure build-up
- The proper way to clean your new windshield and the type of cleaning products to avoid
- The potential risks of using your vehicle's defroster immediately after replacement
- The typical time frame for windshield replacement curing and when it's safe to go through a car wash

With their new website, Auto Glass in Dallas aims to provide a valuable resource for vehicle owners in Schenectady, NY, and the surrounding areas. The website also offers a convenient contact form for users to request a quote for their windshield replacement services.
