Saipan, MP ? 04/23/2023 ? Mykz Radio, Saipan's leading source for news, entertainment, and information, is excited to announce the launch of a new website focused on the importance of cyber security training, developed and owned by renowned cyber security expert Jim G. Dotson.

The new website, which can be found at <https://www.mykzradio.com/>, aims to be a comprehensive resource for individuals and businesses looking to expand their knowledge and understanding of cyber security best practices. The site will feature articles, tutorials, and expert advice on a wide range of topics, including password management, data encryption, and protecting against phishing attacks.

Jim G. Dotson, the website's creator, is a well-respected figure in the cyber security industry, with over 20 years of experience in the field. He has worked with numerous Fortune 500 companies and government agencies, helping them to strengthen their digital defenses and protect sensitive information.

"Cyber security threats are constantly evolving, and our reliance on technology is only increasing," said

Dotson. "It's crucial for individuals and businesses to be proactive in their approach to protecting their digital assets, and this website is designed to be a valuable tool in that effort."

Mykz Radio is proud to support the launch of this important new resource for the Saipan community and beyond. In today's digital age, cyber security is an essential aspect of our daily lives, and this website provides an accessible and authoritative source of information on the topic.

"We are thrilled to be able to share this valuable new resource with our listeners," said [Mykz Radio representative]. "We believe that having access to expert advice and information on cyber security is an essential part of keeping our community safe and informed."
