

Trees for the Stars: San Jose Tree Service Pros' Celestial Tree Planting Project

April 27, 2023

April 27, 2023 -

San Jose, CA ? San Jose Tree Service Pros, a leading tree care company based in San Jose, California, has unveiled its ambitious Celestial Tree Planting Project. This project is designed to engage the community in planting trees in patterns that mirror constellations and other celestial phenomena. Under the guidance of CEO Justin Gilfillan and his team of certified arborists, this innovative project aims to combine a love for the natural world with a passion for astronomy while promoting environmental stewardship.

"The idea behind the Celestial Tree Planting Project is to create a unique and inspiring way for people to engage with both trees and the stars," explains Gilfillan. "By planting trees in patterns that reflect celestial bodies, we're not only beautifying our city but also creating a living testament to the wonders of the universe."

Participants in the Celestial Tree Planting Project will have the opportunity to learn about various constellations, their cultural significance, and the appropriate tree species to use for each pattern. In addition, the San Jose Tree Service Pros team will guide proper tree planting and care techniques, ensuring the success of each celestial tree installation.

"We want this project to be educational and inspiring," says Gilfillan. "By planting trees to reflect the beauty of the cosmos, we hope to inspire a greater appreciation for our natural world and the importance of tree preservation."

In addition to promoting environmental stewardship, the Celestial Tree Planting Project also offers numerous ecological benefits, such as providing habitat for wildlife, improving air quality, and mitigating the effects of

climate change. Gilfillan emphasizes the importance of these benefits, stating, "Planting trees is one of the most effective ways to address many of the environmental challenges we face today. Through our Celestial Tree Planting Project, we can positively impact both our local environment and the planet as a whole."

The Celestial Tree Planting Project will kick off with a series of community tree planting events, where participants will have the opportunity to learn from the San Jose Tree Service Pros team and take part in creating these unique celestial installations. In addition, the company will ensure adherence to COVID-19 safety guidelines, including social distancing, face coverings, and equipment sanitization.

"Our goal with the Celestial Tree Planting Project is to create a sense of wonder and connection to both trees and the stars," adds Gilfillan. "We are excited to bring this innovative idea to life and share it with our community."

For more information on the Celestial Tree Planting Project or to register for an upcoming tree planting event, please visit the San Jose Tree Service Pros office at 1856 Monrovia Dr, San Jose, CA, 95122.
