One happy guest writes, ?My friend and I were visiting Barcelona for a few days, and we found out about this brunch place due to its great reviews! First of all, we loved the food (I had Turkish eggs, and my friend had Canadian pancakes). Our drinks were very good as well - I had a Chai Latte and it was perfect (not too sweet, and very aromatic). Second of all, we mentioned we were a bit in a rush and they actually prepared our order quickly in order to accommodate us.?

Another 5-star review says, ?The food is great, brunch type varied menu, and very tasty. The presentation of the dishes is impeccable. The staff is super friendly. We had a great time with friends. Mimosas are great and the berries lemonade was excellent (had to have two). Pet friendly. I would definitely come back.?
