May 02, 2023

LARGO, FL - May 02, 2023 -
LARGO, FL ? April 19, 2023 ? Clean Recovery Centers is excited to announce their most recent expansion with a new location in Largo, Florida. This facility will offer medically supervised detox, which is the initial level of care in the substance use disorder (SUD) treatment program.

?The new Largo facility is unique from other Clean Recovery Centers? locations as it is a smaller, more intimate setting, and will offer medical detox treatment services only,? explains President, Nicholas Cuneo.

?Our locations in Tampa, New Port Richey, and Sarasota have successfully helped hundreds of clients with addiction and mental health issues. The Largo facilities will further expand our ability to provide help to those in need,? said CEO, Paul Tzatzimakis.

As a detox-focused facility, the Largo Recovery Center is where clients begin their path to recovery, receiving 24-hour care for the first few weeks of treatment. To continue the program, clients will transition to one of Clean Recovery Centers' other area facilities, completing a full spectrum of substance use disorder and mental health treatment services with a unique three-phase approach.

?We are very gratified to have the opportunity to serve more people living with this life-altering condition. We also look forward to continued expansion to help as many people as possible,? said Executive Chairman, Shayne Sundholm.
