One review talks about the store?s watch collection by saying, ?Peerless service. I?ve been stopping in to check out the watch selection at Elite since early 2018, and while I hadn?t previously found a watch on my wish list, I?ve ALWAYS received excellent service. This past week, I found the one I?d been looking for. Jake and Ashley made the entire process awesome, from chatting about the provenance, trying on the piece, making the sale, and even sizing the watch to fit my wrist. You have no idea when the right piece will be waiting for you there, so stop in as often as you can. Thank you, Elite team!!?

One recent review documents a customer?s experience with the store?s jewelry repair services by saying, ?Went in for repairs on a chain and removal of some links on a watch. Needed it done as fast as possible and they understood the assignment. Great customer service, hospitality, quick work, and could not tell at all where my chain was broken. If I ever need repairs, I will be coming back.?

Another customer talks about the store?s custom jewelry design process by writing, ?We recently had the best experience with Elite Fine Jewelers designing a custom nameplate necklace! Ashley was very attentive and took a lot of time to help us come up with our ideal design. The necklace turned out gorgeous and we are so happy with the results! Elite is an amazing family-owned jewelry company and I would trust them and recommend them for your jewelry needs!?
