McHenry Roofing Is Offering TPO Roofing Installation, Maintenance, and Inspections in Baltimore, MD

May 24, 2023

BALTIMORE, MD - May 24, 2023 -

McHenry Roofing, a family-owned and operated roofing contractor located in Baltimore, Maryland, is offering business owners advice on installing TPO roofing on their Hampden commercial properties.

Thermoplastic polyolefin (TPO) roofing is a single-ply membrane roofing material that is preferred by businesses due to its durability, relatively lower cost, and easy installation and maintenance. It can also reflect the sun's UV rays, regulating the temperature indoors and helping Parkville business owners save money on their energy bills.

"Roofing costs can vary with inflation," says the spokesperson for McHenry Roofing, "but TPO roofing remains a cost-effective option for which you can expect to pay anywhere from \$6 to \$12 per square foot. If properly installed and regularly inspected by professional roofers, such as the experienced crew members that we have here at McHenry Roofing, you can rely on TPO roofing to last you at least 30 years."

Apart from TPOC roofing, Towson commercial property owners can also choose between EPDM (ethylene propylene diene monomer) and PVC (polyvinyl chloride) membranes. However, TPO roofing comes in cheaper than both, which is also one of the main reasons why it is currently the fastest-growing commercial roofing system, with around 40% of the market share. It also typically comes in white which is much more aesthetically pleasing than pitch-black EPDM roofing.

“As a business owner in Baltimore, you need a roofing solution that installs quickly, is cheap to maintain, and lasts you a long time,” says the company’s spokesperson. “Depending on the layout of your roof, its size, existing condition, and, most importantly, your budget, our roofers can help you choose the best kind of roofing for your property. Call us today and put our years of roofing expertise to work for your Federal Hill business.”

McHenry Roofing offers a range of residential and commercial roofing services including roof replacements, roof repairs, flat roofing, rain gutter installation and maintenance, skylight maintenance, and more in Baltimore and surrounding neighborhoods. The Fells Point roofing contractor offers free quotes and provides written estimates to ensure property owners know exactly what they are paying for.

The spokesperson talks about McHenry Roofing’s commercial roofing inspections and maintenance services by saying, “Our team will assess your building’s current condition and recommend solutions within your budget that maximize energy efficiency and storm damage protection. We also offer routine maintenance including checking seams, seals, flashings, and other components to ensure your roof is in top condition all year round. Call us today and set up a regular maintenance schedule to give your Locust Point property’s roof the best chance for a long lifespan.”

Homeowners and commercial property owners in Baltimore and nearby areas have repeatedly praised McHenry Roofing for the professionalism of its roofers, quick and responsive customer service, quality workmanship, and affordable pricing. On its Google Business Profile, the Baltimore roofing contractor boasts a perfect 5.0 out of 5.0 overall rating from over 25 reviews.

One satisfied Baltimore homeowner shares their experience by saying, “We have hired McHenry Roofing for several different services. They have repaired a skylight, replaced our roof and gutters, and installed new vinyl siding. Beth and her team are friendly and personal. Our neighbors even noted how much curb appeal has been added to our home. I have recommended McHenry Roofing to both friends and family. Everyone has been pleased with their work.”

Another 5-star review says, “We had a wonderful experience with Jeff and McHenry Roofing. We had them first inspect our roof, and we were so impressed by the comprehensive report and quote, that it was a no-brainer to use them. We continued to be impressed along the way, as they were very communicative

about the start time, progress along the way and the final product! We are out-of-town owners, so excellent communication is a must. And on top of that, the work was great too!?

Homeowners looking for Roland Park gutters cleaning services can reach out to McHenry Roofers at (410) 774-6609 or info@mchenryroofing.com to schedule an appointment.
