June 02, 2023 - PRESSADVANTAGE -

Celestial Stem is helping the cross-section of pet owners and CBD lovers in Mesa, Arizona, give their furry friends premium CBD pet products made just for them.

Founded by Jason Axtolis out of his frustration as a CBD consumer, about the consistency, dosage quantity, and quality of the products that were available on the market, Celestial Stem aims to provide the highest quality products at approachable price points. The company prides itself on offering higher milligram options for both humans and pets that are a more economical purchase in the long term.

Celestial Stem's pet products do not cut corners like some pet-specific CBD brands. They are created to all be human-grade, ensuring that customers' loyal companions enjoy the same high-quality CBD products that their owners are accustomed to. Moreover, the Mesa CBD store also offers options at higher dosages suitable for medium to large-size pets, a rarity in the industry.

The store's CBD pet treats include Full Spectrum Pet Treats that come in a pack of 30, in concentrations ranging from 2 mg per treat all the way up to 20 mg per treat. Celestial Stem also offers jars of almond butter that contain 500 mg of premium grade, Full Spectrum, organic, human grade, pet safe CBD. Customers can also choose between 250 mg, 500 mg, and 1500 mg vials of THC Free Broad Spectrum Pet Tincture.

"We have a detailed weight and concentration chart on our website to help you figure out the ideal concentration for your pet based on their size," Jason says. "The general rule of thumb is that the pet treat should be 2 mg per 10 lbs of body weight, or the weight of the pet multiplied by 0.2 mg. For general well-being, we recommend doses ranging from 1 to 2 mg per 10 lbs and doses of 2 to 5 mg per 10 lbs for therapeutic effects. However, at the end of the day, all pets are different, and we urge you to start at a low dose, see how your pet reacts, and then increase the dose over time as you go. Hundreds of customers across Mesa have found and fallen in love with the offerings from Celestial Stem, which is readily discernible in the perfect 5.0 out of 5.0 overall rating on its Google Business Profile page. Mesa residents have thanked Jason repeatedly for excellent customer service, the quality of the CBD options, and the difference the store's products made in their lives.

A happy Mesa pet owner reviewed Celestial Stem's CBD tinctures by saying, "We have been using the CBD drops for a 12-year-old girl that has a lot of anxiety and recently some stiffness when getting up. Oh, and some skin allergies. The trifecta!!! We decided to try CBD as a last resort. Been a month now her anxiety is much better, her skin is clearer than ever before, and we went camping last week she was running around without a worry in the world. We are officially CBD believers!!"

Another customer shares their experience at the store by saying, "Jason was very friendly and knowledgeable about the products. He helped me pick out CBD oil for my aging arthritic lab. My pup has been using the CBD for 2 months now and she's getting around quite well. I was on the verge of thinking we were gonna have to put her down before she started the CBD. I couldn't be happier with the results. Highly recommend Celestial Stem!"
