

A Better Garage Door Company Is Offering Garage Door Repair Services in Mesa, AZ

May 30, 2023

May 30, 2023 - PRESSADVANTAGE -

A Better Garage Door Company, Inc. is offering Mesa, Arizona, homeowners high-quality garage door installation, maintenance, and repair services.

The Phoenix garage door services company has been serving the East Valley, Central Phoenix, and Scottsdale areas since 1995. Whether homeowners need a simple tune-up to remove creaking or jams or a complex repair that involves replacing the entire opening mechanism, A Better Garage Door Company has the experience and equipment required to solve the problem for good.

"We recognize the need for having a reliable and functional garage door," says the spokesperson for the company. "You don't want any last-moment surprises disrupting your schedule or preventing you from going to work. It can also be a safety issue as garage doors are heavy and can injure you or your loved ones if the opener catastrophically fails. So, if you suspect that your garage door is not working as smoothly as it should and you need garage door repair in Mesa, we urge you to call us and schedule an appointment without wasting precious time."

The company prides itself on using only the highest-quality parts and equipment to ensure long-lasting repairs. For new garage door opener installations, it gives customers the choice between a large selection of residential garage door openers made by Liftmaster including belt drive, chain drive, and screw drive openers. Known for their durability, reliability, and security, Liftmaster's products also come with MyQ technology that allows homeowners to control their garage door from their smartphone or tablet.

Apart from fixing and replacing the garage door opener mechanisms, the company also offers garage door installation services. Phoenix and Mesa homeowners can choose from a wide range of options including basic steel garage doors, elegant carriage house doors, and stylish wood overlay doors. The company's technicians will work with customers to understand their aesthetic and technical needs and take into account their budget to recommend their professional pick.

Visit our website to view the PDF catalogs and product lines of the manufacturers we offer garage doors from, says the spokesperson. We can help install hardware from the best in the industry such as Universal, Raw Hide, SteeLite, SteelHouse, Clopay, Amarr, and more. You can rest assured that every door installation will be performed to the highest quality of workmanship, giving you safe and reliable use for a long time.

A Better Garage Door Company also offers 24/7 emergency garage door services to solve garage door problems, at any time of day. Once customers can get in touch with its team, its technicians promptly arrive in fully equipped trucks that have all the tools and parts needed to handle any emergency repair.

For homeowners concerned with maintenance, the company also offers comprehensive preventive maintenance services that include a thorough inspection of all components, lubrication of moving parts, and any necessary repairs or adjustments to keep the door working in top condition.

The Mesa garage door repair company has received several 5-star testimonials from local clients who praise the professionalism and promptness of its repair crew, the reliability of the repairs and installations, and the affordable pricing of its products and services.

A review highlighted on its website says, Removed and replaced garage door, provided new electronic remotes, cleaned up and hauled away debris. Were professional and informative. The technician knew his product and the market. He arrived when he was scheduled and removed and replaced a double-car garage door. I would use them again.

Another customer writes, Repaired the bottom frame of the garage door. They came out on the same day as my incident, on time. They were able to bend the bottom part of the frame instead of replacing it and he replaced the rubber strip for me as well. All way around a pleasant experience.

Readers looking for the best garage door installers Central Phoenix has to offer can get in touch with A Better Garage Door Company, Inc. at (480) 924-1600 or use the contact form on its website.
