We take the stress off of your mind and your wallet?, Dumpster Dogs co-owner Taylor James said. ?Here, we believe in going the extra mile for our customers, and I know that this system will help continue that company culture.?

Dumpster Dogs caters to several different types of clients searching for dumpster rentals in Kyle, Texas, and the surrounding area. These individual clients range from business owners to contractors, homeowners, property owners, and construction companies. The company offers dumpster rentals in four sizes: 10-yard dumpsters, 20-yard dumpsters, 30-yard dumpsters, and 40-yard dumpsters. The company?s dumpster rental prices vary according to the roll-off size, rental timeframe, amount of tonnage being hauled away, and delivery region. The company?s prices range from $395 for a 10-yard dumpster rental to $495 for a 20-yard dumpster rental, $595 for a 30-yard dumpster rental, and lastly, $695 for a 40-yard dumpster rental. The company also provides plenty of generous rental time. Rental times can vary from one to 14 days. If this is not enough time for whatever reason, extensions can also be arranged for an additional fee.

The company serves a wide area of Central Texas, including Bastrop, Bee Cave, Buda, Dripping Springs, Manor, San Marcos, Austin, and more. Anyone seeking more information on whether they are within the service area can find that information on the company's website. Customers outside of the service area can still work with the company in certain instances. The company notes that deliveries outside of its listed region are often made for a minimal additional fee. As stated on the company website, accommodations can usually be made to suit a customer?s project and budget.

Dumpster Dogs Dumpster Rentals continues to be the most trusted dumpster rental company in the Central Texas area. With the integration of their new online booking system, clients will find ordering and booking dumpster rental containers easier than ever before. Booking a container is as easy as selecting the large ?Book Now? button, which will proceed to show a list of the available rental container options. Selecting any of those options will then give the user a breakdown of the dimensions of the rental container as well as the price in a clear, readable format. From there, it's as easy as selecting the dates that the container will be in use and proceeding to check out. This online booking method was designed to be intuitive and easy to use. With the new online feature, clients can expect less waiting and more understanding of what they are looking for and how the company can better serve them. Those interested in learning more about this convenient online booking method and reserving dumpster rentals can find more information on the company's website.

The company currently has positive reviews and sits at 5 out of 5 possible stars on its Google Business Profile. With the rollout of these new features, it is expected that the company?s already positive reviews will continue to grow in number. Previous happy customers have already stated, ?I was able to book this service without picking up the phone once. Talk about being professional and courteous of my time. Highly recommend!? Additional reviews can be found on the company?s Facebook profile and Yelp page.
