Off-Island Dental Helps Clients Regain Their Best Smile With Teeth Whitening Services

May 17, 2023

May 17, 2023 -
Bluffton, SC - With its extensive menu of dental procedures and treatments, Off-Island Dental Care helps each patient feel comfortable and confident in their smile. The Bluffton dental professional handles several dental care requirements, from routine cleanings to more advanced procedures.

Services like Whitening Your Teeth at the Dentist are what Off-Island Dental does best. Teeth whitening is one procedure offered by Off-Island Dental. They use hydrogen peroxide gel stored in custom-made dental trays. It is highly recommended to visit the dentist since whitening trays fit better and are more effective than the in-store brands.

Meanwhile, besides teeth whitening, Off-Island Dental also offers procedures to improve the appearance of someone's teeth and smile. Dental bonding is one of the services the dentist provides to repair damaged teeth, such as those that have been broken, decayed, or chipped. The teeth are painted with a resin substance that blends in with their natural hue. In addition, crowns are dental prostheses recommended by Off-Island Dental to restore the appearance and function of damaged teeth.

Composite fillings comprising composite resin and glass particles are another cosmetic dentistry surgery that may make a person happier with their smile. The adhesive material mimics the appearance of natural teeth. Invisalign is a treatment option for people with misaligned teeth that use a series of invisible, removable aligners.

Dental veneers, thin shells bonded to the front of teeth, are another option for straightening misaligned teeth. Infected teeth can also be treated with root canal therapy at Off-Island Dental. For those with missing teeth, dentures are one option they can try.

"Off-Island Dental offers comprehensive dental care to meet the needs of every patient, allowing each person's natural beauty to come through. We'll guide them toward the dental care option ideal for the whole family," they expressed.

Patients of Off-Island Dental may take advantage of the company's Dental Discount Plan to save money on their dental procedures. The plan covers the cost of routine dental cleanings and provides a discount of 20% on most other dental services. Dental x-rays and checkups are part of the package as well. The bundle may be purchased for either an individual or a family.

Patients can easily get in touch with Off-Island Dental through their website, https://www.offislanddental.com/, and a coordinator will get back to them right away with additional information about the dental treatment programs they provide.

Patients may schedule an appointment with Bluffton?s Best Dental Clinic by calling (843) 815-7844 or emailing offislanddental@gmail.com. The Off-Island Dental Care clinic is located at 1 Sherington Dr # H Bluffton, SC 29910.
