Jacksonville, FL - Rainbow Mobile Notary and Nuptials Wedding Officiants Network offer inclusive Wedding Services in Jacksonville, Florida.

It is the company's way of promoting equality in love in Florida, one of the states that allow same-sex marriage. Furthermore, Rainbow Mobile Notary and Nuptials Wedding Officiant Network can legally perform marriages as a notary in Florida.

"We are committed to providing a safe and welcoming environment for people of all sexual orientations, races, sizes, and nationalities to find love and marriage in our community. Any couple with a legal marriage license can get married by us. All we care about is LOVE, and we LOVE being married," says Selecia Young-Jones of the Rainbow Mobile Notary and Nuptials Wedding Officiant Network.

Young-Jones is a trusted licensed wedding officiant in Florida. "We can marry engaged couples as a Notary, a Universal Life Church Ordained Minister, or a Justice of the Peace."

The wedding officiants perform ceremonies and offer complimentary consultations to help couples design meaningful rituals. They next ensure that the license is filed with the appropriate Clerk of Courts and that all requirements of Florida law related to marriage have been met.

The Rainbow Mobile Notary and Nuptials Wedding Officiant Network says getting married in Florida is easier with their help. Those who want an instant wedding can do so.

The Jacksonville Wedding Officiant recommends taking an online premarital class under Dr. Liliana Wolfe. This way, couples can skip the three days of waiting when it is done through the Clerk of Courts. In addition, those who can finish the premarital course can get wed right away since they also gave the Rainbow Wedding Chapel.

The Rainbow Wedding Chapel is a great place for couples on a tight budget to marry quickly and easily. The chapel is at 491 W Forsyth Street, Jacksonville, FL 32202, Retail Level, 1st Floor of the Duval County Courthouse Garage.

In addition to weddings, Rainbow Notary And Nuptials provides remote online notarization, giving its clients unlimited access to "meet" with the notaries anytime. The company uses Remote Online Notary solutions, which incorporate Knowledge-Based Authentication (KBA) for identity verification and credential analysis, such as a driver's license or passport, for each signer.

With this, clients may sign documents from anywhere worldwide and then email them to the Rainbow Mobile Notary and Nuptials Wedding Officiant Network. Once received, documents are promptly sent to the Florida Secretary of State and returned to clients through FedEx.
