

American Mechanical & Plumbing Service Inc. Expands Its Residential Plumbing and Well Pump Services in Southern Maine

May 23, 2023

May 23, 2023 - PRESSADVANTAGE -

HOLLIS, Maine ? American Mechanical & Plumbing Service Inc., a trusted authority in plumbing, heating, and water filtration services, is thrilled to announce the considerable expansion of its residential plumbing and well pump services across Southern Maine. The company is now extending its reach, serving over 28 towns throughout Southern Maine from its base in Hollis.

Owner Jeff Briggs said, "This is an exciting moment in our company's history. Our commitment to providing exceptional plumbing and well pump services fuels our growth, and we're eager to share our expertise with more residents in Southern Maine."

For over two decades, American Mechanical & Plumbing Service Inc. (formally Briggs And Son Plumbing) has upheld a stellar reputation for delivering unmatched service and commitment to customer satisfaction. They offer a broad array of services, including well pump installations & repairs, water filtration systems, and plumbing and heating product sales, installation, and servicing. Notably, their well pump and hand-driven well point service have been widely acknowledged for their reliability and

professionalism.

With this expansion, more Southern Maine residents will have access to the company's top-notch residential plumbing services, from routine maintenance to complete system installations. This new development underscores the company's commitment to cater to the rising need for professional and dependable plumbing and well-pump solutions.
