In a recent review, Alyssa S. gave them a five star rating and said, "Both times we have used USA Inflatables, we have had a wonderful experience. Clean and properly working bounce house(s), necessary items for use (blower & extension cords) and wonderful people who delivered and picked up the bounce house at the end of our rental. Bob & Sam delivered the bounce house over the weekend and were kind, friendly and professional! It was delivered early enough that we got a whole extra day to bounce! Faaris & Terrance picked up the bounce house we rented and were also very friendly! Can't recommend USA Inflatables enough."

They offer various items for party rental in the Twin Cities metropolitan area. These include: bounce houses with water slides, water slides, combos, moonwalks, obstacle courses, giant slides and water slides, interactives, and more. Their standard delivery area, where delivery is free of charge, is the Twin Cities metro area. For an additional fee, they can also deliver to any party or event throughout Minnesota, Iowa, or Wisconsin. The customer will be the one responsible for the operation of the unit rented after receiving it from USA Inflatables and Events, unless the rented item includes an attendant. More information about the party rentals can be obtained from their Facebook page at <https://www.facebook.com/USAInflatables>.

Kurt Wresh, owner of USA Inflatables, says, "We want you to have the biggest and best event possible. Some of our rental items include: euro bungee, rock climbing walls, mechanical bull, photo booth, dunk tank, water slides, bungee run, bungee trampoline, moonwalk, bounce house, cotton candy, popcorn machine, spin art, carnival games, bouncy castle rentals, moonbounce, giant inflatable slides, inflatable bounce and slide combo, giant inflatable obstacle course, concession equipment, tent rentals, tables and chairs, inflatable titanic slide, money booth, velcro wall, inflatable joust, sumo suits, and more."

They want to emphasize that one of the various factors that differentiate them from party rental providers in the area is their professionally trained staff, whether it is their delivery and set-up crews, office and support staff, warehouse personnel, repair or event staff, or their cleaning staff. Staff members always work as a team to ensure that the client's party or event will be a success.
