LEAD Conveyancing Gold Coast, with offices in Bundall, Gold Coast, Queensland, Australia, is offering guide articles to help property buyers in the Gold Coast. The company can provide assistance to property buyers and also sellers, particularly with regards to their conveyancing needs, including property transfers between related parties, stand-alone contract review, and stand-alone contract drafting. Conveyancing is the process in Australia that is required to legally transfer the ownership of a piece of real property from one party to another. Therefore, every buyer or seller of property has to go through this process.

Trinh Thai, Legal Director and founder of LEAD Conveyancing says, ?It's really exciting when you're about to buy your first house, right? Of course! It's every person's biggest investment in life. The seller just accepted your offer for the property... The real estate agent hands you over a copy of the contract? And all you have to do is put your signature on it. But wait, before your excitement makes you say yes to everything and before you ink your name on that document, take caution. It's not really a walk in the park as you may have imagined it to be. The most important thing to do is to find someone who will do your conveyancing.?

They want buyers to know that there are two things they need to do. The first is to set up a building and pest inspection. The second item is to find someone who can do the conveyancing. The solicitor who will do the conveyancing should be able to provide the client with a bird?s eye view of what to expect. LEAD Conveyancing Gold Coast has a team of well-experienced property attorneys who can ensure that transferring the title of the real property to the name of the buyer will proceed without a problem.

Trinh Thai says, ?The process of transferring the ownership of the property title to your name can be long and messy. A lot of paperwork will be involved such as your rates notice, proof of identity, and the list goes on. That is why buyers and sellers really take time on deciding who their conveyancer or lawyer should be. They research a lot, especially on reviews and client testimonials.?

LEAD Conveyancing Gold Coast is a boutique conveyancing firm that helps property buyers and sellers from the Gold Coast and all of Queensland regarding the legal aspects of buying real estate, selling real estate, and title transfers. Hons) and Bachelor of Science in Psychology from Deakin University, and she earned her Graduate Diploma in Legal Practice at the College of Law.
