June 23, 2023 -

When it comes to property buying or selling in Sunshine Coast, LEAD Conveyancing is one of Australia?s top-rated conveyancing firms. The company recently announced that they are now featured on the Real Estate Services Directory HQ, also known as ResHQ. This feature is a big step for the firm, which has been making a huge push to increase its visibility. With dozens of 5-star reviews on Google and Yelp, LEAD Conveyancing Sunshine Coast wants all of Australia to recognize them as the subject matter experts in conveyancing. With their feature on ResHQ, they will undoubtedly attract new clients in the Sunshine Coast area and beyond.

LEAD Conveyancing Sunshine Coast offers to manage the entire conveyancing process, including contract review, contract drafting, buying conveyancing, selling conveyancing, and transferring properties. LEAD Conveyancing is run by experienced property lawyers, including Founder and Legal Director Trinh Thai and Senior Lawyer, Kristy Fletcher. Thai has a remarkable background in finance and property law, making her an outstanding conveyancing lawyer who understands what it takes to reach a timely settlement. Fletcher, who has many years of experience working for large, multi-million dollar property firms, brings with her also a

degree in Criminology. This makes her a scrupulous contract writer and negotiator. Their team has worked very hard over the last few years to make themselves the go-to conveyancing firm in all of Australia. Fletcher says their feature on ResHQ is a great achievement.

?We couldn?t be more proud to be featured on such a trusted service, as Real Estate Services Directory HQ,? says Fletcher.

ResHQ is Australia?s #1 directory for all buying and selling services. They offer a variety of services to real estate companies, including marketing, comparison tools, electricity and gas plans, plus so much more. Clients using ResHQ can use their search engine to find mortgage brokers, real estate agents, building and pest inspectors, property managers, real estate software, and of course, conveyancing. With just a few clicks, clients can use ResHQ to find the right company for all their buying and selling needs. LEAD Conveyancing Sunshine Coast hopes they stand out as a top conveyancer for the directory.

?We?re an award-winning conveyancing firm known for getting the best settlements as quickly as possible,? says Thai. "We bring a personalized touch to every conveyancing project, helping our clients feel more comfortable and at ease as they go through the conveyancing process."

Speaking of awards, LEAD Conveyancing has won 4 consecutive Word of Mouth Best Service Awards since 2020. Standing on the core values of leadership, evolution, authenticity, and determination, the company has amassed positive reviews praising their outstanding services, including this one from happy customers Susan and Keri, who write:

?We dealt with Kristy from Lead Conveyancing and she was a breath of fresh air after dealing with a stressful situation, she acted promptly and very efficiently to give us the time needed to understand what we were doing when purchasing land as first home buyers and builders. We found Lead very thorough and informative and they didn't miss anything for us. A very professional and effective service that saved us a lot of money and unnecessary headaches. Thank you so much, we highly recommend you as a solicitor.?

As part of its initiative to become the #1 conveyancing firm in Australia, the company has also debuted a new YouTube channel, Buying and Selling Guides, and more free resources. This gives their clients the opportunity to learn about them and the conveyancing process before they get started. It?s also a great opportunity for clients to learn just how experienced and knowledgeable the whole staff is. Their feature on ResHQ shows they are one of the ?big dogs? in the Australian conveyancing industry.

?The future is bright for LEAD Conveyancing Sunshine Coast,? says Fletcher. ?We are confident that ResHQ

will connect us to even more clients as we continue to grow.?
