TAMPA, FL - May 26, 2023 - PRESSADVANTAGE -

Tampa, Florida ? WhiteSands Treatment Center has received another five-star review for its addiction treatment and supportive staff in Tampa.

In her Google review, a former patient, Kara, wrote, ?My recovery would not be the same without Whitesands, especially Hyde Park.?

?Shannon and Christina have been instrumental in my ability to grow as an individual, become more educated on my addiction, and feel loved and empowered to continue on my journey to sustained sobriety and happiness,? she said.

WhiteSands Treatment Center provides inpatient and outpatient drug and alcohol rehab in its Tampa location at Hyde Park, as well as two other inpatient facilities and 14 outpatient rehab centers in Florida.

The WhiteSands staff delivers supportive care for its patients driven by a detailed assessment of what each person needs on their journey to sobriety. There's no such thing as one treatment approach or model that works for everyone, which is why WhiteSands takes the time to get to know not just the patient's symptoms but also their external factors, which are more emotion and environment-based.

One benefit of receiving treatment from the Tampa alcohol and drug rehab is its status as an inpatient facility that gives patients 24/7 care and a controlled environment to receive treatment without outside distractions. As a luxury Tampa drug and alcohol rehab, patients have access to amenities like a pool, sand volleyball court, use of computers, and massage therapy. When enrolled in rehab, patients don't need to sacrifice their autonomy. WhiteSands ensures everyone who comes for help has the activities and resources they want and need while staying at its Tampa inpatient alcohol and drug rehab.

WhiteSands Treatment Center's Tampa facility also offers outpatient care, another way that the treatment facility gives patients options to receive treatment where and when they want at its network of rehabs and outpatient clinics across Florida.

With WhiteSands' holistic approach to treatment, someone seeking a Tampa drug or alcohol rehab can get a customized treatment plan tailored to their needs. WhiteSands also understands how much of a financial commitment it is to enroll in rehab, which is why the facility accepts most insurance plans and has payment plans to give everyone a chance of recovering without feeling financially strapped.
