

# 777 Exotics Add New Lamborghini Models to Los Angeles Car Fleet

*December 08, 2015*

December 08, 2015 -
Los Angeles travelers can access impressive supercars for rent, following 777 Exotics? addition of Lamborghini Huracán and Aventador models.

The Lamborghini Huracán now available is a prestigious sports car billed as the Instinct of the Future. Released at the Geneva Car Show in 2014, the Lamborghini Huracán is far more efficient than its predecessor, the Lamborghini Gallardo.

Described as a "Time Machine but only faster", the Lamborghini Huracán offers a wide range of enhancements including: sharp aerodynamic lines that fend the air and tame the road, Magneto Rheologic Suspension that produces the highest driving performance and precision, Electronically Controlled All Wheel drive that increases performance, traction and safety on wet roads.

President of 777 Exotics Israel Castillo is excited about the addition of the new fleet. "The cars on the 777 Exotics lot are beautiful examples of engineering and we are delighted to offer them to enhance the driving experience of Southern California."

As reported, 777 Exotics Los Angeles Car Rental offers a best pricing guarantee for all their cars as well as a delivery and pick up service.
