D. Green writes in one review that the company did a, "Great job. The team was with me from the start (inspection with the insurance inspector to ensure issues were documented initially), during the claim process (as the insurance company came back with some area they shouldn't pay for, but we were able to convince them otherwise) and as the installation happened. The team was professional and got the job done in a day plus a couple hours."

In another review, D. Husted writes, "Mighty Dog Roofing did an excellent job. When they had completed the repair, I asked about an area that I had not noticed before in the same general location. They immediately took a look and did it with a good attitude. Upon further inspection, they too found an additional area needing repair that had escaped my notice. This impressed me! I appreciated their understanding of applicable codes

and their patience to explain the quoted work; line item by line item. I am an engineer and very attentive to detail. I was pleased to see that Mighty Dog Roofing was as well and would recommend them in a heartbeat!?
