

Lawn Sprinkler Service and Tree Care Provider in Pembroke Pines Florida Earns More Highly Positive Reviews

June 14, 2023

Pembroke Pines, Florida - June 14, 2023 -
EPS Landscaping & Tree Service LLC, which offers tree care and lawn sprinkler services in Pembroke Pines, FL, is proud to announce they have recently received more five star reviews from satisfied customers. The company offers tree care and landscaping services to help make a property look good and have the best possible curb appeal. They pride themselves in providing all of the lawn care, tree trimming, landscape design, irrigation, tree installation or removal, and pest/weed control needs of residents of the South Florida Tri-County area.

EPS has an overall rating of 5.0 out of 5 stars on Google and in a recent review, Shriram S. gave them five stars and said, ?The hashbrowns were awesome. Yummy in my tummy. Great customer service.? In another recent review, Katie P. also gave them a five star rating and said, ?Tim was absolutely wonderful to work with. He and his crew were extremely professional and courteous. They fixed my very old sprinkler system, replaced the pump, replaced the timer and put down new grass in the whole front yard. The quality of the grass and the way it was laid is amazing I?ve had so many compliments. They did everything in two days and worked very hard. I highly recommend them.?

Lawn care services is a vital component of taking care of the yard that contributes significantly to the curb appeal of a home. There?s a lot of aesthetic appeal from a well-manicured lawn with hedges, flower beds, trees, etc. However, plants need water on a daily basis and this can entail a lot of work. That is why lawn sprinklers are an important part of a landscaped garden and a professional tree and landscaping service provider, such as EPS, has capability to install and maintain a lawn sprinkler system.

Naturally, regular lawn mowing is an essential part of taking care of the lawn and the landscaping. The EPS professionals have the experience and knowledge to cut the grass at the right size and ensuring that the grass will be robust and healthy. This includes providing the right kind of lawn fertilization, weed control, and pest control. It also includes hedge trimming, tree care, and flower services. All of that the EPS tree and landscaping professionals are ready to provide.

Greg O'Connell, co-owner of EPS Landscaping & Tree Service LLC, says, ?We have striven to build a company that provides service of the highest quality, pays particular attention to detail, and keeps the lines of communication with our clients open, honest, clear, and concise. Our mission at EPS Landscaping & Tree Service LLC is simple. We value your time and money. We will do everything possible to ensure you are satisfied with the services we provide you in a timely, professional, and courteous manner. That is why getting five star reviews is not really a surprise for us but it is significant in that it tells us that we are on the right track. We encourage our customers to provide us with feedback, whether good or bad, because it tells us if we are doing what is right. Our customers can rest assured that we will continue to do our best.?
