

Dr. Bronfman Beauty Is Offering High Quality Yet Affordable Botox Treatments In New York City

June 19, 2023

June 19, 2023 -
Dr. Bronfman Beauty is offering affordable and long-lasting Botox® treatments to its clients in Manhattan and Queens, NYC.

Botox® has long been the preferred treatment for those looking to combat moderate to severe frown lines on their face to give it a more youthful and appealing look. The neurotoxin is strategically injected to relax the facial muscles and minimize the presence of deep wrinkles as well as crow?s feet. The procedure is highly sought after because it can eliminate wrinkles on the forehead and temples, with no surgery, no required downtime, and long-lasting results.

Dr. Bronfman explains the mechanism with which Botox® works by saying, ?The neurotoxin blocks the transmission of nerve impulses to the muscles in the targeted area. It prevents the muscles from receiving the message to contract and move, thus halting the further formation of wrinkles by eliminating the ability to perform actions that crease the skin. The procedure is completely safe and recommended by cosmeticians

because its effects are confined to the injection site and do not travel throughout the body.?

Clients at Dr. Bronfman Beauty have the choice between Botox® and several other similar treatments such as Dysport and Xeomin. Following the 10-to-15-minute non-surgical procedure, patients may report mild to temporary discomfort, but it should subside within a few days. The neurotoxin takes 3 to 4 days to show its effects and results can last anywhere from 3 to 5 months.

Dr. Bronfman talks about what the results mean for her clients by saying, ?It is natural for the skin to start showing the wear and tear that comes with age. With our Botox® treatments, we can help your skin go back to its natural flexibility and suppleness, wiping away the lines that make you look angry, stressed, and less youthful.?

The full range of facial cosmetic treatments offered by Dr. Bronfman Beauty includes Juvéderm®, Botox®, PRP Micro-needling, acne scars, skin tightening, rosacea, and wrinkle reduction. It also offers skin care services such as high-speed hair removal, stretch marks removal, surgical scar removal, sun damage remediation, and age spots removal, and other wellness services such as PRP treatment for hair loss, IV therapy, and vaginal rejuvenation.

Medical Director and founder of Dr. Bronfman Beauty, Dr. Ida Bronfman, MD, is a diplomate of the American Board of Internal Medicine. During her nearly three decades of being in private practice, which began in 1995, she has been providing comprehensive and personalized medical care in domains such as aesthetic medicine, nutrition, wellness, anti-aging, and cosmetic treatments.

Dr. Bronfman is also joined by Abigail Inoyatov, RN, who has been a part of her practice for more than twenty years. Abigail has extensive training in aesthetic medicine, which includes training in the administration of Botox®, Juvéderm ®, PRP MICRONEEDLING, IV Therapy, as well as various procedures utilizing InMode Aesthetic Solutions technology.

Dr. Bronfman and Abigail Inoyatov have received tremendous praise from their clients in Manhattan for delivering stellar results that live up to their promises and exceed customer expectations. Clients also thank the medical spa for its helpful staff, affordable services, and well-maintained and pristine office.

A recent 5-star review says, ?This is an amazing office. I never thought I would get such amazing results so quickly (just one appointment made a huge difference). Prices are very reasonable. I don't know any other place so affordable in New York City. Definitely recommend. Well-deserved 5-stars. Thank you!?

Another client writes about their experience at the Manhattan wellness clinic by saying, ?I made an appointment with Dr. Bronfman for a skin issue and received a fantastic experience. The office is very clean

and beautiful, right by Gramercy Park, and the staff was very professional. I highly recommend it to anyone who is looking for a medical spa in Manhattan.?

Readers in New York City can reach out to Dr. Bronfman Beauty at (347) 687-8148 to inquire about its services, such as Dr. Bronfman Beauty IV Therapy, or to schedule an appointment at its Gramercy Park or Flushing practices.
