The Top Dog Home Pro customer review that the company is most excited to share says, ?Top Dog is an

excellent company!! We were looking for a company to replace our roof, siding, trim, gutters, etc. We received multiple quotes and Luke was not only competitive with his pricing, but he was also very attentive to all that we requested and followed up multiple times to see if we had any questions. The crew was great - very hardworking and professional. The quality of their work is excellent, and their cleanup is professional. We highly recommend Top Dog - just call for an estimate and when you meet Luke and Billy you will be convinced as well!! And we loved giving business to a local company where the owners grew up here as well!!?

Later, the customer posted an update to the review saying, ?We had all this work done in 2018, and just recently we had the handle break on our storm door due to freezing temperatures. I contacted Luke to see if he could give me the name of the company for the door that he installed so I could order a new handle. Not only did Luke order the handle for me, but when it arrived, he came over to my house and installed it for me. The service that this company provides is outstanding, and Luke helped me without hesitation and just took care of my problem. Please consider them for your next home project - they really are a 5-star company!!!?

Luke responded, ?We strive to achieve and maintain high standards of work quality for all the jobs that we take on. That is why we only partner with leading material manufacturers such as ProVia, CertainTeed, Alside, Raindrop®, and more. So, when some problems do happen over time due to inclement weather, as the one mentioned by the customer, we already have a readily available supply of premium quality equipment and materials to perform the fix. Our dedication to ensuring complete customer satisfaction also means that we deliver the fixes promptly with exemplary customer service. We would like to thank the reviewer for posting the update and hope we get a chance to work with them again.?
