

## **Roofing Contractor Serving Cambridge Massachusetts Offers Free Inspections**

*June 26, 2023*

June 26, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing North Boston, based in Cambridge, MA, is offering free inspections for homeowners and other property owners in Cambridge and neighboring areas. This is a 25-point inspection that is conducted using drone technology. After performing an inspection, they can provide a free estimate for the homeowner or property owner based on the results of the inspection. The company offers roof inspection, roof repair, attic venting, roof installation, gutter inspection, gutter installation, gutter repair, and commercial roofing. Those who are interested in getting to know more about the company including the details of their different services can visit company website.

To perform the 25-point inspection, they offer the Drone Sky View, which applies drone technology to closely examine the various parts of the roof and other exterior parts of the home. This includes: air conditioning unit exterior inspection; inspection of valleys; eaves and rakes inspection; inspection of siding; ventilation inspection; inspection of storm damage caused by hail; inspection of skylights; nail head inspection; inspection of gutter aprons; inspection of step and counter flashing; drip edge inspection; chimney inspection; hip and ridge inspection; roof edging inspection; gutters inspection; inspection of roof sheathing or decking; plumbing stack inspection; roof ventilation and exhaust system inspection; soffits and fascia inspection; attic

inspection; downspouts inspection; window inspection; inspection of step counter flashing; foundation drainage inspection; inspection of furnace caps and pipes; and inspection of storm damage caused by the wind.

A spokesperson for Mighty Dog Roofing North Boston says, "Using drone technology, a credible and verifiable inspection report is provided using smart intelligence analytics. The first inspection for your home will serve as the baseline health of your roof, that will serve as reference for succeeding inspections."

Mighty Dog Roofing North Boston also delivers the Watchdog Maintenance service that ensures homeowners they have peace of mind in the knowledge their roof is dependable. In addition to the workmanship warranty that they provide, the leading manufacturers that are their source of roofing materials for the projects also offer extended product warranties. Their Mighty Watchdog Maintenance Program is indicative of the roofing contractor's focus on nurturing long-term relationships with their clients. Maintenance inspections are provided yearly to make sure they can detect as early possible any developing problems that may become worse and become serious problems in the future that will be very costly to repair. They will also compare the inspection report performed every year, which allows their roofing experts make a prediction as to how long the roof can last. This will be helpful for the homeowner who can make preparations for the expenses expected when having an old roof replaced.

Mighty Dog Roofing North Boston also provides the Customer Vault that allots a personal storage for each and every customer, where they store all important information regarding the roof and home of the customer. These include: photographs and videos; yearly updated drone inspection information; warranty information; reports for the customer's realtor/insurance agent; monitoring of all repairs and replacements with dates, products, and services used; insurance information repair records; manufacturer information; yearly reminders for the inspection of the customer's roof; and all insurance details for easy and convenient claims handling.

They also provide the Mighty Dog Visualizer, which is an app that allows the homeowner to visualize their home's curb appeal when using certain roofing materials or color of the roof. With this app, the client can "test" each roofing material or color option and see how the home would look like even before the project is started.

Mighty Dog Roofing North Boston is locally owned and operated by Amar Nyamdavaa who is committed to providing a high level of sophistication, quality, and excellent customer service for the Cambridge community and neighborhood. He ensures that all of their projects are handled by experienced and certified roofing professionals and that they always use the advanced technology to ensure efficient and quick provision of services to their customers.

Those who need the services of a roofing contractor serving Cambridge and neighboring areas can visit web site of Mighty Dog Roofing North Boston or contact them on the telephone.
