

Roofing Contractor Serving Tampa Florida Offers Drone Super Scan Inspection

June 27, 2023

June 27, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing West Tampa, based in Tampa, FL, is pleased to announce they are offering the Drone Super Scan inspection to provide unbiased 25-point inspections for homeowners and other property owners in Tampa and surrounding areas. Drone technology is used to inspect 25 elements of the roof and other parts of the home's exterior. The company offers roof inspection, gutter inspection, roof repair, attic venting, roof installation, commercial roofing, gutter installation, and gutter repair. Those who are interested in knowing more about the company and get more details about their services can visit company website.

With the Drone Super Scan inspection, they will examine 25 elements of the roof and home's exterior. These include: eaves and rakes inspection; air conditioning unit exterior inspection; inspection of valleys; inspection of storm damage caused by hail; inspection of siding; ventilation inspection; inspection of gutter aprons; drip edge inspection; nail head inspection; inspection of skylights; inspection of step and counter flashing; chimney inspection; gutters inspection; hip and ridge inspection; roof edging inspection; roof ventilation and exhaust system inspection; attic inspection; plumbing stack inspection; inspection of roof sheathing or decking; soffits and fascia inspection; downspouts inspection; foundation drainage inspection; window inspection; inspection of furnace caps and pipes; and inspection of step counter flashing; inspection of storm

damage caused by the wind.

They also offer the Watchdog Maintenance service to ensure that the roof is regularly checked and ensured to be functioning properly and free from any defects or issues that may worsen in the future. Annual maintenance inspections are performed to detect as early possible any emerging problems that may become worse and more costly to repair. Their Mighty Watchdog Maintenance Program shows how this roofing contractor wants to cultivate long-term relationships with clients. They will also compare the inspection report that is done each year, which enables their roofing experts to project how long the roof can still last. This will be helpful for the homeowner who is able to prepare for the major expenses needed when having the roof replaced.

All of the inspection reports will be kept in the Customer Vault that provides personal storage for each customer. In this storage space, all of the information regarding the roof and home of each client will be kept for future reference. These include: warranty information; monitoring of all repairs and replacements with dates, products, and services used; yearly updated drone inspection information; manufacturer information; photographs and videos; insurance information repair records; all insurance details for easy and convenient claims handling; yearly reminders for the inspection of the customer's roof; and reports for the customer's realtor/insurance agent.

Mighty Dog Roofing West Tampa makes use of advanced technology whenever possible to better serve clients and offer convenience. Aside the use of drone technology and the Customer Vault storage, they also offer the Mighty Dog Visualizer, which is an app that allows the homeowner to visualize how the home's exterior would look like when using a certain roofing material or a particular color for the roof or other exterior parts of the home. Using the app on the smartphone, the homeowner can try various kinds of roofing materials and colors to choose the specific materials and color to use.

Mighty Dog Roofing West Tampa is locally owned and operated by Brantley Smith, who has resided in Tampa for over two years and has learned to love the city, especially its diversity and culture. He was Chief Digital Officer and Chief Marketing Officer for a national home services marketing and advertising agency before establishing Mighty Dog Roofing West Tampa. While working in the home services industry, he developed several advertising technology platforms. Aside from Tampa and West Tampa, they also offer their services to Carrollwood, Citrus Park, New Port Richey, Northdale, Odessa, Oldsmar, South Tampa, Town 'n Country, Trinity, and Westchase.
