

Hanson Chiropractic & Massage Introduces Personalized Chiropractic Care Services in Seattle

June 15, 2023

June 15, 2023 - PRESSADVANTAGE -

Seattle, WA - Hanson Chiropractic & Massage is proud to announce the launch of their comprehensive chiropractic care services in Seattle, Washington. With a focus on diagnosing and treating neuromuscular disorders, Hanson Chiropractic strongly emphasizes reducing pain and enhancing overall function for each patient. Their dedicated team of chiropractors offers personalized care tailored to meet individual needs, providing relief from chronic pain, supporting injury recovery, and optimizing physical performance.

About Hanson Chiropractic & Massage: Hanson Chiropractic & Massage is a trusted and reputable chiropractic clinic serving the Seattle area. Led by Dr. Michael E. Hanson, D.C., the clinic is committed to helping individuals achieve optimal health and well-being through personalized chiropractic care. With a compassionate and dedicated team, Hanson Chiropractic offers specialized services and treatments to address neuromuscular disorders and improve overall function. With his extensive knowledge and commitment to excellence, Dr. Hanson has been serving the community for over two decades, and his passion for chiropractic care drives him to provide exceptional service to his patients.

Chiropractic Care Services: Chiropractic care is a natural, drugless, preventative approach to optimum health. Hanson Chiropractic aims to help individuals achieve long-lasting pain relief, improved mobility, and a higher quality of life. They are committed to delivering personalized care that supports each patient's specific goals by combining their expertise with the latest advancements in chiropractic techniques and therapies.

Hanson Chiropractic offers a range of specialized services to address various health concerns:

Spinal Adjustments: Employing various chiropractic techniques, such as Diversified Technique, Thompson Drop, and Activator Methods, their skilled chiropractors correct spinal alignment issues. Regular spinal adjustments can relieve chronic pain, improve posture, enhance mobility, and promote overall well-being.

Spinal Decompression: This non-surgical therapy relieves those suffering from severe back or neck pain due to disc herniation, sciatica, or spinal stenosis. By gently stretching the spine, spinal decompression improves spinal health and function, enhancing nerve communication.

Posture Correction: Hanson Chiropractic offers posture evaluations and personalized correction plans to help individuals stand taller, alleviate spinal pressure, and prevent long-term health issues associated with poor posture.

Sports Chiropractic Care: Athletes of all ages and levels can benefit from specialized care designed to optimize physical performance, speed up recovery from injuries, and prevent future ones.

Therapeutic Exercises: Hanson Chiropractic's team guides patients through targeted exercises and stretches designed to complement chiropractic adjustments, improving mobility, strength, and balance.

Nutritional Counseling: Understanding that optimal health involves more than physical adjustments, Hanson Chiropractic provides dietary and lifestyle advice to support healing.

Dr. Michael E. Hanson, D.C., leads the experienced team at Hanson Chiropractic & Massage. With extensive knowledge and a commitment to compassionate care, Dr. Hanson is dedicated to helping individuals reach optimal health. He graduated from Life West College of Chiropractic in 1998, receiving his Doctor of Chiropractic degree. Dr. Hanson has been in private practice in Seattle since then and is actively involved in speaking engagements and seminars to improve chiropractic awareness and education. He has nearly completed the certification exams to become a diplomate of the American Chiropractic Rehabilitation Board.

Hanson Chiropractic & Massage is conveniently located at 11300 Roosevelt Way Northeast #201, Seattle, WA 98125. Interested individuals can contact the clinic at (206) 306-2494 to schedule an appointment or learn more about their services.
